

*Together we can prevent and treat
child abuse by strengthening
families and neighborhoods*

ROCK AWAY CHILD ABUSE (RACA) - 2018

As an honored sponsor of the annual "Rock Away Child Abuse" event bringing awareness to **National Child Abuse Prevention Month**, Braun-Bostich & Associates enlisted the talents of artist **Susan Rayle** to come up with a theme and to paint this year's rocking chair entry for auction. This chair will be prominently displayed at the offices of Braun-Bostich & Associates during the months of February, March and April.

Our chair will then be displayed along with others at the Rock Away Child Abuse SPLASH on April 27, 2018 from 6:00PM-8:00PM. The events silent auction will feature these child-sized rocking chairs, hand-painted by local artists and celebrities who have donated their time and talent to create these unique works of art!

BBA's sponsorship donation allows us to proudly display our name and logo in all printed materials and event promotions along with having a hangtag on the chair highlighting our contribution to the **mission to prevent and treat child abuse**.

All funds raised by the auction will allow families who are at risk of abuse because of isolation, poverty, stress, depression, addiction or violence to seek the services Family Resources provides.

"Our vision is to keep families together and teach them to rock their babies in their arms, comfort them, and create a world where no child lives in fear of abuse."
