

CLELAN CORNER

"We cannot live only for ourselves. A thousand fibers connect us with our fellow men." – Herman Melville

In 2023, the Clelan and Company Team expanded our commitment to serving the community. It is a privilege to help others in need! There is such great satisfaction in helping those in our community that struggle to provide the basics in life that we take for granted. Whether it is packing food boxes or preparing meals we are humbled and grateful for the opportunity to serve.

Ronald McDonald House

In April, carrying bags and boxes of ingredients, we took over the Ronald McDonald House kitchen in Hershey and got to work to make 50 dinners for the families. The Team proved to be good chefs, and Doug and Andrew were master dishwashers!

I love our time together as a team giving back to our local community. Seeing the family members that we made a direct impact on at RMH was just priceless. To see those little faces smile despite their circumstances and their family share their gratitude left such a heart stamp for me. – Liana

Seeing the families come back from the hospital at night to the RMH brought tears to my eyes just knowing the emotional pain, fear, and uncertainty they must be experiencing. As a team, it always amazes me, how well we come together to form a strategy to meet our goals. – Sara

Central PA Food Bank

In August, some of our families accompanied the team to pack boxes at the Central PA Food Bank. In a few short hours, we assembled, filled, taped, and stacked over 400 boxes of food!

I appreciated the opportunity at the Food Bank to learn something about the needs of our community and how they fill those needs. It was nice to include family members in this event and see how everyone's various skills came together to produce a different type of product than what we do when we work together at the office – Brenda

Although we live our shared value of service to clients on a daily basis, these activities strengthened our bond of service by expanding it beyond our own self-interest as an outreach to those in our community. – Doug
