

Client Relationship Summary (Form CRS/Form ADV Part 3) – April 2020

**Item 1. Introduction**

Gallacher Capital Management, LLC (“Gallacher”) is registered with the U.S. Securities and Exchange Commission (“SEC”) as an investment adviser. Clients and prospective clients should be aware that services and fees differ between investment advisers and broker-dealers and it is important for retail investors to understand the differences. Free tools are available to research advisory firms and financial professionals at [investor.gov/CRS](http://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers and investing. Please note each of the following sections contains conversation starters intended to help engage clients and prospective clients in useful and informative conversations with their financial professionals.

**Item 2. Relationships and Services**

***What investment services and advice can you provide me?***

Gallacher offers various types of advisory services including Gallacher investment advisory programs, asset allocation strategies, financial planning services, retirement plan consulting services, affiliated and unaffiliated private investment funds, and hourly consulting. Investment Advisory services are offered primarily through our Investment Advisor Representatives (“IARs”). Account(s) are held at an independent custodian. Gallacher does not custody or take possession of your assets with the exception of investment in affiliated private investment funds. Your IAR works with you to examine your current financial situation and financial goals, to understand your risk tolerance and investment time horizon, and uses that information to develop your overall financial plan/investment strategy. All Investment Advisory services are provided on a discretionary basis.

In a discretionary account, at the outset of the contractual relationship via an Investment Advisory Agreement, Gallacher is granted the authority to determine the securities or other assets to purchase or sell in the account. This discretion will remain in effect unless revoked by you or your IAR. Account(s) will be monitored on an ongoing basis. Securities and other assets in the account(s) will be purchased and sold consistent with the investment strategy or strategies selected as part of your overall investment plan (subject to any reasonable restrictions provided in writing to Gallacher).

Gallacher may also provide investment advice regarding both affiliated and unaffiliated private investment funds. Gallacher, on a non-discretionary basis, may recommend that certain qualified clients consider an investment in private investment funds. No client is under any obligation to become a fund investor.

Gallacher does not have a stated account minimum for Investment Advisory services.

Additional information on relationships, fees and services can be found in the Gallacher Form ADV Part 2A (items 4-7) which is available on our website at [gallachercapital.com](http://gallachercapital.com) or [adviserinfo.sec.gov](http://adviserinfo.sec.gov).

**Conversation Starter** - Given my financial situation, should I choose an investment advisory service? Why or why not?  
How will you choose investments to recommend to me?  
What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

**Item 3. Fees, Costs, Conflicts and Standard of Conduct**

***What fees will I pay?***

**Investment advisory fees** are based on a percentage of the value of the assets being managed. These fees are generally payable quarterly in advance, but certain accounts may be billed in arrears. A general fee schedule for investment advisory services is included in the Gallacher Form ADV 2A (Item 5) and Investment Advisory Agreement. The actual percentage amount you pay may be lower than that shown on the schedule, depending on the arrangements with your IAR. Gallacher also charges hourly or fixed fees for financial planning and retirement plan consulting. Performance fees are applicable only to affiliated private investments as disclosed in ADV Part 2A (Item 6). IARs retain full authority to negotiate advisory fees.

Gallacher’s fees are exclusive of transaction fees, custodial fees, SEC fees, wire and electronic transfer fees, and other related costs and expenses which are incurred by the client from custodians and other third parties.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Additional information can be found in the Gallacher Form ADV, Part 2A (Items 5-6) which is available on our website at [gallachercapital.com](http://gallachercapital.com) or [adviserinfo.sec.gov](http://adviserinfo.sec.gov).

**Conversation Starter** - Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

***What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?***

**When Gallacher acts as your investment adviser**, we are required to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about this and other potential disclosed conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

Gallacher and/or its IARs can earn compensation from proprietary investment strategies and affiliated private funds that may exceed the fee that Gallacher would earn under its standard asset-based fee schedule referenced in ADV Part 2A (Item 5). The recommendation that a client invest in proprietary investment strategies and/or affiliated private fund presents a conflict of interest; no client is under any obligation to participate in these investments. Gallacher has adopted a Code of Ethics describing its standards of business conduct, potential conflicts of interest and fiduciary duties.

**Conversation Starter** - How might your conflicts of interest affect me, and how will you address them?

Additional information on conflicts of interest can be found in our Form ADV, Part 2A (Items 4,6,10,11,12 and 14) which is on our website at [gallachercapital.com](http://gallachercapital.com) or [adviserinfo.sec.gov](http://adviserinfo.sec.gov).

***How do your financial professionals make money?***

Gallacher IARs are compensated based on a portion of the fees paid to Gallacher for advisory services. IARs may also be licensed insurance agents and may receive related compensation. Refer to the IAR's Brochure Supplement (ADV Part 2B) for specific information.

#### **Item 4. Disciplinary History**

***Do you or your financial professionals have legal or disciplinary history?***

Gallacher and its IARs have not been subject to any disciplinary events by regulators nor are they party to any legal events that are material to client evaluation of our advisory business. You can visit [Investor.gov/CRS](http://Investor.gov/CRS) for free and simple search tools to research us and our financial professionals.

**Conversation Starter** - As a financial professional, do you have any disciplinary history? For what type of conduct?
