Business Continuity

Disclosure Statement

Jim MacKay Financial Planning has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption you cannot contact us as you usually do at 417- 268-9191 or jim@mackayfp.com, you should call our alternative number, 417-576-7706. If you cannot access us through either of those means, and need information or access to investment accounts, you should contact your custodian firm, either Shareholders Service Group at 800-380-7370 or Vanguard at vanguard.com, for instructions on how they may assist with account information, money transfers, transactions, maintenance, etc.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternate communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

The firms handling investment accounts store backup data in a variety of ways, to ensure access to accurate information. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firm that its objective is to restore its own operations and be able to complete existing transactions and accept new transactions and payments as soon as possible. Your orders and requests for funds and securities could be delayed during this period.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm’s office, the city where we are located or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In the event of a significant business disruption, we have plans to place to move to a back-up location or remote locations as necessary. In either situation, we plan to continue in business, transfer operations to our clearing firm if necessary, and notify you through our website, mackayfinancialplanning.com, or by phone. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer’s prompt access to their funds and securities.

Death/Disability: In the event that Jim MacKay is unable to continue operations due to health, a comprehensive Continuity Agreement is in place, whereby Searcy Financial Services, an SEC Registered Investment Advisor, will acquire the firm and promptly resume services to our clients. More information on Searcy Financial Services is available online at www.searcyfinancial.com or by request.

For more information – If you have questions about our business continuity planning, you can contact us at 417-268-9191 or jim@mackayfp.com.
