

# Perseverance and Hope

Warm Greetings!

This year was defined by the power of reconnection. With communities and individuals coming together again, we found that our strength lies in our perseverance and cultivation of hope. This year we are contributing to the following organizations that keep hope alive:

**Doctors without Borders** – Provides critical emergency medical care around the globe including in conflict zones.

**Everytown for Gun Safety Support Fund**– Builds awareness of the complexities of gun violence and advocates for solutions to end gun violence.

Wishing you joy and light during this holiday season!

In Gratitude,
