

Benefits of Joining a Retirement Plan

Your employer may offer a range of benefits including, health insurance, dental coverage, paid time off...but your retirement plan may be the most powerful one of all. It's designed to help you build the financial security you'll need long after your working years are behind you.

Why Join Your Retirement Plan?

Automatic Savings

Contributions come straight out of your paycheck before you can spend them — making it easy to save consistently.

Employer Match

Many plans offer a matching contribution. That's free money added to your account — don't leave it on the table.

Tax Advantages

Pre-tax contributions reduce your taxable income today. Roth options let your money grow tax-free for the future.

You'll save more over time

By joining your retirement plan today, you could retire with almost \$81,000 more than if you wait just 5 years.

Assumes a \$50,000 salary, a savings rate of 12% and an average annual return of 6%. The \$200,714 figure represents the final balance after 20 years of investing. The \$139,656 figure represents a real investment, and the rate of return is not guaranteed. The account balance is before any taxes. It does not reflect the 10% federal penalty tax you may have to pay if you take money out before age 59.5. For illustrative and educational purposes only.

By the Numbers

75-85%

of pre-retirement income
needed in retirement

12-15%

recommended annual
savings rate (including
employee and employer
contributions)

1%

annual increase can
dramatically grow your
nest egg over time

Start Smart, Grow Over Time

How Much Should You Save?

Most financial professionals recommend saving 12%–15% of your income each year for retirement, including any employer contributions. Can't get there yet? Start where you are and try increasing your contribution by just 1% per year until you hit your goal. Small steps add up.

What does 1% mean to me?

\$30,000 = \$12
Annual salary Per paycheck*

\$70,000 = \$27
Annual salary Per paycheck*

**Assumes you're paid every two weeks.*
