

March 12, 2020

Mr. Kevin T. Curran
Curran Investment Management
30 South Pearl Street
Albany, NY 12207

Report of Independent Verification

Dear Kevin:

We are pleased to report that we have examined whether Curran Investment Management (CIM) has complied with all the composite construction requirements of the Global Investment Performance Standards (GIPS®) on a firm-wide basis for the period July 1, 2014 through December 31, 2019 and designed its processes and procedures to calculate and present performance results in compliance with GIPS as of December 31, 2019. CIM's management is responsible for compliance with GIPS, the design of its processes and procedures, and for the performance presentations. Our responsibility is to express an opinion based on our examination.

Our examination was conducted in accordance with the guidelines provided by GIPS, including the *Guidance Statement for Verification*. The verification included examining, on a sampling basis, evidence about CIM's compliance with the GIPS requirements, evaluating the design of CIM's processes and procedures, and performing the procedures for a verification set forth by GIPS as well as other procedures we considered necessary. Verification does not ensure the accuracy of any specific composite presentation. We believe that our examination provides a reasonable basis for our opinion, which is that Curran Investment Management has, in all material respects:

- Complied with all composite construction requirements of the Global Investment Performance Standards on a firm-wide basis for the period July 1, 2014 through December 31, 2019, and
- Designed its processes and procedures to calculate and present performance results in compliance with the Global Investment Performance Standards as of December 31, 2019.

We greatly appreciate the opportunity to conduct this verification for you.

Sincerely,

The Spaulding Group, Inc.

The Spaulding Group, Inc.

*2010 Composite AUM consists of 49% carveout assets from the Balanced Composite. The disclosure is not applicable to the other years covered in the disclosure presentation.

Core Growth Equity Composite: The composite contains fully discretionary equity accounts of which at least 85% of assets are invested in equity securities selected by Curran Investment Management and for comparison purposes is measured against the Russell 1000 Index which consists primarily of large capitalization equities. Securities selected for investment are primarily contained within the Russell 1000 and the composite strategy is suitable for an investor whose primary investment objective is capital appreciation. In periods shown prior to 1/1/13, the composite was compared against the S&P 500. The benchmark was changed to more accurately reflect the strategy of the composite and reflect the objectives of its investors.

Curran Investment Management (CIM) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Curran Investment Management has been independently verified for the periods July 1, 1998 through December 31, 2019.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. The Core Growth Equity Composite has been examined for the periods July 1, 1998 through June 30, 2014. The verification and performance examination reports are available upon request.

Curran Investment Management is an independent investment adviser, registered with the Securities and Exchange Commission. For the period June 1, 1998 through August 4, 2000, the firm was organized as a registered investment adviser representative of First Albany Corporation. Beginning August 7, 2000, the firm became an affiliate of First Union Securities, which later merged with Wachovia Securities in 2002. As such, the firm was organized as a registered investment adviser representative of Wachovia Securities until December 13, 2004. No material change in personnel responsible for the investment management process occurred. The GIPS rules of portability were satisfied. The firm maintains a list of composite descriptions which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results. The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of fees and include the reinvestment of all income. Gross returns have been reduced by transaction costs and net returns have been reduced by all actual fees incurred including where appropriate performance based fees. Most accounts pay a bundled fee which includes investment management and client services fees, execution and clearing fees, annual account maintenance costs and IRA annual fees. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request.

The composite contains bundled and non-bundled fee accounts. The bundled fee will be charged as a percentage of assets under management, starting at 2.5% on the first \$500,000 1.0% on the next \$4.5 million and 0.75% on amounts over \$5 million. Institutional investors opting for a non-bundled fee pay 0.50% on the first \$10 million, 0.45% on the next \$10 million and all accounts over \$20 million are negotiable. Actual investment advisory fees incurred by clients may vary.

The Core Growth Equity Composite was created March 10, 2003. Performance presented prior to December 13, 2004 occurred while the Portfolio Management Team was a registered investment adviser representative with two previous firms.

2015	287	3	92%	8%	11	-0.09%	-0.74%	0.48%	0.42%	14%	11%
2014	298	3	100%	0%	10	22.28%	21.62%	12.56%	0.27%	NA	NA
2013	270	< 1	100%	0%	< 6	68.74%	67.84%	33.55%	^	NA	NA
~2012	218	< 1	100%	0%	< 6	4.54%	4.08%	6.33%	^	NA	NA

~2012 is a partial year, covering the period 2/29/2012 to 12/31/2012.

All Cap Equity Composite: The composite contains fully discretionary equity accounts of which at least 90% of assets are invested in equity securities selected by Curran Investment Management. All portfolios will resemble model portfolios created by the Investment Committee specifically for the All Cap Equity accounts. Constraints imposed by the client that restrict more than 10% of the portfolio will cause the account to be considered nondiscretionary. For comparison purposes the composite is measured against the Russell 3000 Index which consists of large, mid and small capitalization equities. Securities selected for investment are primarily contained within the Russell 3000 and the composite strategy is suitable for an investor whose primary investment objective is capital appreciation.

NA – The three-year annualized ex-post standard deviation of the composite is not presented because 36 monthly returns are not available.

^ - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

Curran Investment Management (CIM) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Curran Investment Management has been independently verified for the periods July 1, 1998 through December 31, 2019.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. The All Cap Equity Composite has been examined for the periods February 29, 2012 through June 30, 2014. The verification and performance examination reports are available upon request.

Curran Investment Management is an independent investment adviser, registered with the Securities and Exchange Commission. For the period June 1, 1998 through August 4, 2000, the firm was organized as a registered investment adviser representative of First Albany Corporation. Beginning August 7, 2000, the firm became an affiliate of First Union Securities, which later merged with Wachovia Securities in 2002. As such, the firm was organized as a registered investment adviser representative of Wachovia Securities until December 13, 2004. No material change in personnel responsible for the investment management process occurred. The GIPS rules on portability have been satisfied. The firm maintains a list of composite descriptions which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results. The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of fees and include the reinvestment of all income. Gross returns have been reduced by transaction costs and net returns have been reduced by all actual fees incurred. Most accounts pay a bundled fee which includes investment management and client services fees, execution and clearing fees, annual account maintenance costs and IRA annual fees. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request.

The composite contains bundled fee accounts as well as one non-fee paying account. The bundled fee will be charged as a percentage of assets under management, starting at 2.5% on the first \$500,000 1.0% on the next \$4.5 million and 0.75% on any amount over \$5 million. Institutional investors opting for a non-bundled fee pay 0.67% on the first \$10 million, 0.60% on the next \$10 million and accounts over \$20 million are negotiable. Actual investment advisory fees incurred by clients may vary.

The All Cap Equity Composite was created February 29, 2012.

Balanced Composite contains fully discretionary accounts of which approximately less than 90% of assets are invested in equity securities from one of the following strategies; Core Growth, Mid Cap, Small Cap and All Cap. For comparison purposes the presentation uses a 70/30 blend of the Russell 1000 and the Bloomberg Barclays Capital Government/Credit Intermediate indices, calculated and rebalanced monthly. This blend is for general industry-wide comparative purposes only and may reflect up to 15% higher or lower asset allocations than the composite, as composite allocations and the portfolio allocation ranges within the composite will vary over time. In presentations shown prior to 1/1/14, the composite was compared against a 70/30 blend of S&P 500 and Barclay's Capital Government/Credit Intermediate indices. The benchmark was changed to more accurately reflect the strategy of the composite and reflect the objectives of its investors. The composite investment strategy is suitable for an investor seeking a balance between capital appreciation and current income.

Curran Investment Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Curran Investment Management has been independently verified for the periods July 1, 1998 through December 31, 2019.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. The Balanced Composite has been examined for the periods August 1, 1998 through June 30, 2014. The verification and performance examination reports are available upon request.

Curran Investment Management is an independent investment adviser, registered with the Securities and Exchange Commission. For the period June 1, 1998 through August 4, 2000, the firm was organized as a registered investment adviser representative of First Albany Corporation. Beginning August 7, 2000, the firm became an affiliate of First Union Securities, which later merged with Wachovia Securities in 2002. As such, the firm was organized as a registered investment adviser representative of Wachovia Securities until December 13, 2004. N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

Small Cap Core Growth Equity Composite As of 12/31/13 the composite has been renamed Small Cap Core Growth Equity from the original name Small Cap Equity. The composite contains fully discretionary fee paying accounts of which at least 90% of assets are equities, primarily invested in small cap equity securities selected by Curran Investment Management. A small cap index, the Russell 2000 Index is used for comparison purposes because most securities selected for investment are contained within the index. The Small Cap Core Growth Equity Composite is suitable for investors seeking capital appreciation.

Curran Investment Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Curran Investment Management has been independently verified for the periods July 1, 1998 through December 31, 2019.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. The Small Cap Core Growth Equity Composite has been examined for the periods September 1, 2003 through June 30, 2014. The verification and performance examination reports are available upon request.

Curran Investment Management is an independent investment adviser, registered with the Securities and Exchange Commission. For the period June 1, 1998 through August 4, 2000, the firm was organized as a registered investment adviser representative of First Albany Corporation. Beginning August 7, 2000, the firm became an affiliate of First Union Securities, which later merged with Wachovia Securities in 2002. As such, the firm was organized as a registered investment adviser representative of Wachovia Securities until December 13, 2004. No material change in personnel responsible for the investment management process occurred. The GIPS rules of portability have been satisfied. N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

Growth & Income Composite contains fully discretionary fee paying accounts invested in growth and income securities and for comparison purposes is measured against the S&P 500 Index, which consists of primarily large capitalization equities. At least 90% of portfolio assets are invested in equity securities selected by Curran Investment Management. Accounts in this composite have a greater emphasis placed on dividend yield and dividend growth than the accounts in the Core Growth Equity Composite. The composite strategy is suitable for an investor whose primary objective is capital appreciation and secondary objective current income.

Curran Investment Management claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Curran Investment Management has been independently verified for the periods July 1, 1998 through December 31, 2019.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation. The Growth & Income Composite has been examined for the periods April 1, 2006 through June 30, 2014. The verification and performance examination reports are available upon request. Verification does not ensure the accuracy of any specific composite presentation.

Curran Investment Management is an independent registered investment adviser and registered with the Securities and Exchange Commission. For the period June 1, 1998 through August 4, 2000, the firm was organized as a registered investment adviser representative of First Albany Corporation. Beginning August 7, 2000, the firm became an affiliate of First Union Securities, which later merged with Wachovia Securities in 2002. As such, the firm was organized as a registered investment adviser representative of Wachovia Securities until December 13, 2004. No material change in personnel responsible for the investment management process occurred. The GIPS rules on portability have been satisfied. The firm maintains a list of composite descriptions which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of fees and include the reinvestment of all income. Gross returns have been reduced by transaction costs and net returns have been reduced by all actual fees incurred. The accounts consisted of 100% bundled fee assts. The bundled fee includes investment management and client services fees, execution and clearing fees, annual account maintenance costs and IRA annual fees. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing portfolios, calculating performance and preparing compliant presentations are available upon request.

The bundled fee will be charged as a percentage of assets under management, starting at 2.5% on the first \$500,000 1.0% on the next \$4.5 million and 0.75% on any amount over \$5 million. Actual investment advisory fees incurred by clients may vary.

The Growth & Income Composite was created March 31, 2006.
