

**FORM CRS (CLIENT RELATIONSHIP SUMMARY)**  
**A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH FINANCIAL STRATEGIES GROUP, INC.**  
**MARCH 25, 2026**

**ITEM 1 - INTRODUCTION**

Financial Strategies Group, Inc., is an investment adviser registered with the Securities and Exchange Commission (SEC). Brokerage investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing.

**ITEM 2 – RELATIONSHIPS AND SERVICES**

**WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?**

Our Firm offers investment advisory services to retail investors on a discretionary. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion by imposing reasonable restrictions on investing in certain securities or groups of securities. If deemed appropriate for you, our Firm will recommend utilizing an independent Third-Party Money Manager (“TPMM”) to aid in the implementation of investment strategies for the client’s portfolio. Our Firm monitors your investment advisory accounts, and specific investments within your accounts, on an ongoing basis to align with your investment goals. This service is included as part of the Firm’s standard advisory services. Our Firm does not require a minimum dollar value of any account to which it provides advisory and financial planning services. Additionally, our Firm offers financial planning and consulting services for our clients. Our services also include estate planning document facilitation through EncorEstate Plans, an unaffiliated third-party platform, pursuant to a separate written agreement. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. Our Firm provides general investment recommendations, on a limited basis to our clients. In a consulting engagement, you will be required to select your own investment managers, custodian, and/or insurance companies for the implementation of consulting recommendations.

**QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:**

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

**ITEM 3 – FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT**

**WHAT FEES WILL I PAY?**

Our Firm receives a fee as compensation for providing investment advisory services on your account. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee is 1.5%, billed in arrears monthly, quarterly, or annually. You pay this fee even if you don’t buy or sell investments. The more assets in your advisory account, the more you will pay in fees; therefore, the Firm is incentivized to encourage you to increase the asset value in your account. The custodian will charge transaction costs, custodial fees, redemption fees, retirement plan and administrative fees, or commissions. Our other Firm fees are billed as follows: Financial Planning or consulting is charged hourly and will not exceed the \$750 maximum hourly fee. Flat fees will not exceed \$20,000. Estate planning document services facilitated through EncorEstate Plans are charged on a flat-fee basis, not to exceed \$20,000, as outlined in a separate written agreement. For TPMM, fees and billing methods are outlined in each TPMM’s Brochure and Advisory Contract. You pay an ongoing fee directly to the TPMM based upon a percentage of your assets under management with respect to each TPMM. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

**QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:**

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?  
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. 1) Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Asset-based fee compensation also poses a conflict when: a) Advising you to rollover a 401(k) balance, when equivalent and less costly options are available if funds are left with the employer's fund manager. b) Advising you to take a margin position in your managed account and charging fees on the margin balance. Other conflicts to consider: 2) Our Firm is required to disclose commonly owned entities that would provide different services to you and generate additional compensation to our Firm. Please note that you always have a right to choose services and products from our affiliated entities or any other firm that provides similar services and products. 3) Our Firm utilizes solicitors and pays compensation to independent third parties for the referral of clients to our Firm. 4) Our firm allows our Financial Professionals to invest in the same securities as you; therefore, our Financial Professionals may have an incentive to favor their personal accounts over your advisory account. 5) Lastly, some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit your advisory account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.*

**QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:**

- How might your conflicts of interest affect me, and how will you address them?

**HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?**

Our financial professionals are compensated based on our firm's revenue from our investment advisory fees. This compensation is based on the amount of assets they service, the amount of time spent, and the complexity required to meet the client's needs or revenue based on the recommendations provided by our Financial Professionals. Through an affiliated insurance entity, some of our Financial Professionals are insurance licensed and may receive commissions, trails, or other compensation from the respective insurance companies as a result of effecting insurance transactions. However, you have the right to decide whether to act on the recommendation. We recognize our duty to place your interests first and have established policies in this regard to avoid any conflicts of interest. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
