Chartered Financial Consultant® (ChFC®)

The ChFC® designation is offered by The American College. Designation holders are required to serve clients with the highest level of professionalism. The authority to use the ChFC® mark is granted by the Certification Committee of the Board of Trustees of The American College, and that privilege is contingent on adherence to strict ethical guidelines. All ChFC® advisors are required to do the same for clients that they would do for themselves in similar circumstances, the standard of ethical behavior most beneficial for their clients. Each ChFC® has taken 9 or more college-level courses on all aspects of financial planning. The average study time for the program is over 400 hours, and advisors frequently spend years earning this coveted distinction. Each ChFC® must also complete a minimum of 30 hours of continuing education every two years and must meet extensive experience requirements to ensure that you get the professional financial advice you need.

Certified Financial Planner (CFP®)

The CFP® certification is obtained by completing an advanced college-level course of study addressing the financial planning subject areas that the CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, a comprehensive certification exam and agreeing to be bound by the CFP® board's *Standard of Professional Conduct*. As a prerequisite, the individual must have a Bachelor's degree from a regionally accredited United States college or university (or foreign university equivalent) and have

at least 3 years of full time financial planning experience (or equivalent measured at 2,000 hours per year). This designation requires 30 hours of continuing education every 2 years and renewing an agreement to be bound by the *Standards of Professional Conduct*.

Item 4: Other Business Activities

Mr. Cooper is a licensed insurance agent. In such capacity, he offers fixed insurance products to clients and receives normal and customary commissions and trails as a result of any purchases of insurance products made by clients. The potential for receipt of commissions and other compensation gives him an incentive to recommend insurance products based on the compensation received, rather than on the client's needs. To address this, disclosure is made to the client at the time purchase is made, identifying the nature of the transaction or relationship, the role to be played and any compensation (e.g., commissions, trails) to be paid by the client and/or received by the insurance agent. He will at all times act in the best interest of his clients and act as a fiduciary in carrying out services to clients. It should be noted that the client is under no obligation to purchase insurance products through Mr. Cooper.

Item 5: Additional Compensation

Mr. Cooper has additional business activities where compensation is received as detailed in Item 4 above. This compensation is in addition to the advisory fees.

Item 6: Supervision

Mr. Cooper is supervised through a compliance program designed to prevent and detect violations of the federal and state securities laws. Supervision is conducted by the Chief Compliance Officer, Brittany Culver, who is responsible for administering the policies and procedures. Brittany Culver reviews those policies and procedures annually for their adequacy and the effectiveness of their implementation. All policies and procedures of the firm are followed. Brittany Culver can be reached at (517) 347-4337.
