

Arbor Wealth Advisors LLC is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ and it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](http://Investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

***What investment services and advice can you provide me?***

---

We offer investment advisory services to retail investors, which principally include discretionary and non-discretionary investment management services and consultative financial planning services. Our discretionary authority to buy, sell, and otherwise transact in securities in your account(s) is granted in our advisory agreement and is only limited by your reasonable restrictions or our mutual ability to terminate the advisory agreement. When providing non-discretionary advisory services, you make the ultimate decision regarding the purchase or sale of investments. We only offer advice with respect to certain types of investments, which generally include mutual funds, exchange traded funds, fixed income, and legacy mutual fund positions. We do not offer proprietary products. We do not have a minimum account size or investment amount to retain or maintain our advisory services; however, we do typically impose a minimum annual fee. In addition, a minimum account size of \$500,000 is generally required for fixed income investment management services.

Regular monitoring of your account(s) is included as part of our standard investment management services, with reviews typically occurring at least semi-annually. Consultative financial planning clients may direct us to perform ongoing or episodic reviews. It is important that you keep us apprised of your financial situation so we can conduct more frequent reviews if necessary.

More detailed information about our services may be found in [Items 4 and 7 of our Form ADV Part 2A brochure](#).

**Conversation Starters**

- “Given my financial situation, should I choose an investment advisory service? Why or why not?”
- “How will you choose investments to recommend to me?”
- “What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?”

***What fees will I pay?***

---

Retail investors will generally incur the following fees charged by us: fixed fees depending on the nature and complexity of the services rendered (which generally range from \$8,000 to \$50,000 per year), and hourly fees at a rate of \$300 per hour. Fixed fees are charged quarterly in advance, and hourly fees are payable as incurred. In addition, retail investors will also generally incur the following fees and costs charged by third-parties: custodian fees, account maintenance fees, product expenses such as internal expense ratios, and transaction charges.

When we charge a fixed fee, our fees are typically correlated to the degree of complexity involved in managing your account and in providing guidance on your financial situation, and we may therefore have an incentive to add additional complexity with respect to your account(s). When we charge an hourly fee, the more time we incur in performing our services, the more you will pay in fees, and we may therefore have an incentive to be less efficient in performing services for you.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

More detailed information about our fees and costs may be found in [Item 5 of our Form ADV Part 2A brochure](#).

“Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?”

***What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?***

---

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

The custodian(s) we recommend provide us various products and services that are intended to directly benefit you, us, or both of us. To the extent a custodian provides us products or services that don't directly benefit you, this creates an incentive to recommend that custodian. To learn how we address this incentive, please refer to [Item 12 of our ADV Part 2A brochure](#).

The third-party investment adviser we recommend provides us certain benefits, such as due diligence and educational seminars, marketing assistance, and the use of certain software. We have also entered into a succession agreement with our third-party investment adviser. This creates an incentive to recommend the third-party investment adviser. To learn how we address this incentive, please refer to [Item 10 of our ADV Part 2A brochure](#).

“How might your conflicts of interest affect me, and how will you address them?”

More detailed information about our conflicts of interest may be found in [our Form ADV Part 2A brochure](#).

***How do your financial professionals make money?***

---

Our financial professionals are compensated based on the nature and complexity of the services rendered pursuant to a fixed fee, or based on the time required to meet a client's needs pursuant to an hourly fee. They are not compensated based on the sale of a particular product and do not earn commissions.

***Do you or your financial professionals have a legal or disciplinary history?***

---

No. You may visit [Investor.gov/CRS](https://www.investor.gov/CRS) for a free and simple search tool to research you and your financial professionals.

**Conversation Starter**

“As a financial professional, do you have any disciplinary history? For what type of conduct?”
