Item 4 Advisory Business

- A. Prestige Wealth Management Group, LLC (the “Registrant”) is a limited liability company that was formed in October 1994 in the state of New Jersey. The Registrant became registered as an Investment Adviser Firm in March 1995. Roy Williams is the sole owner and the Registrant’s Managing Member.
- B. As discussed below, the Registrant offers to its clients (individuals, business entities, etc.) investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

The Registrant provides discretionary investment advisory services on a wrap or non-wrap *fee* basis. (*See* discussion below). If a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody). The services included in a wrap fee agreement will depend upon each client’s particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, brokerage, custody).

Registrant's annual investment advisory fee shall include investment advisory services, and, to the extent specifically requested by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

NON-WRAP FEE BASIS

The Registrant provides discretionary investment advisory services on a non-wrap *fee* basis. The Registrant’s annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant’s management, generally between 0.45% and 1.95%.

PRESTIGE WEALTH WRAP FEE PROGRAM

The Registrant provides investment management services on a wrap fee basis through its investment management wrap fee program (the “Program”). The services offered under, and the corresponding terms and conditions pertaining to, the Program are discussed in the Wrap Fee Program Brochure, a copy of which is presented to all prospective Program participants. Under the Program, the Registrant is able to offer participants discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, and the Registrant’s investment management fees. However, clients may incur additional fees as set forth below.

The current annual Program fee ranges from 0.50% to 2.00%, depending upon the amount and type of the Program assets. The terms and conditions for client participation in the Program are set forth in detail in the Wrap Fee Program Brochure, which is presented to all prospective Program participants in accordance with the disclosure requirements of Part 2A Appendix 1 of Form ADV.

All prospective Program participants should read both the Registrant's Brochure and the Wrap Fee Program Brochure, and ask any corresponding questions that they may have, prior to participation in the Program.

Wrap Program. Under Registrant's wrap program, the client generally receives investment advisory services, the execution of securities brokerage transactions, custody and reporting services for a single specified fee. When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted. Participation in a wrap program may cost the client more or less than purchasing such services separately. The terms and conditions of a wrap program engagement are more fully discussed in Registrant's Wrap Fee Program Brochure.

Conflict of Interest: Because wrap program transaction fees and/or commissions are being paid by Registrant to the account custodian/broker-dealer, Registrant has an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client's account. *See* separate Wrap Fee Program Brochure.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant may be engaged to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$3,500 to \$50,000 on a fixed fee basis, and from \$500 to \$750 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services.

If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including the Registrant's representatives in their individual capacities as registered representatives of Triad Advisors and/or licensed insurance agents. The Registrant may also recommend the services of Prestige Wealth Accounting Group, LLC ("PWAG"), an affiliated Certified Professional Accounting firm. (*See* disclosure at Item 10.C). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant.

If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional(s) (i.e. attorney, accountant, insurance agent, etc.), and not the Registrant, shall be responsible for the quality and competency of the services provided.

Each client is advised that it remains the client's responsibility to promptly notify the Registrant if there is ever any change in client's financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by the client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Registrant does not serve as a law firm or accounting firm, and no portion of its services should be construed as legal or accounting services. Accordingly, Registrant does not prepare estate planning documents or tax returns. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.), including representatives of Registrant in their separate individual capacities as representatives Triad Advisors, a FINRA member broker-dealer ("*Triad*") and/or as licensed insurance agents. The Registrant may also recommend the services of Prestige Wealth Accounting Group, LLC ("*PWAG*"), an affiliated Certified Professional Accounting firm. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such decisions and is free to accept or reject any recommendation from Registrant and/or its representatives.

If the client engages any recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. At all times, the engaged licensed professional(s) (i.e. attorney, accountant, insurance agent, etc.), and not the Registrant, shall be responsible for the quality and competency of the services provided.

Conflict of Interest: The recommendation by Registrant's representative that a client purchase a securities or insurance commission product through Registrant's representative in their separate and individual capacity as a registered representative of *Triad* and/or as an insurance agent, presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment or insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any securities or insurance commission products through such a representative. Clients are reminded that they may purchase securities and insurance products recommended by Registrant through other, non-affiliated broker-dealers and/or insurance agents. **Registrant's Chief Compliance Officer, Roy E. Williams remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Affiliated Investment Advisor and Unified Managed Accounts. The Registrant is affiliated with Prestige Wealth Services Group, Inc., d/b/a The Pillar Strategies, an SEC registered investment advisory firm (SEC No. 801-77623) ("*Pillar Strategies*"). *Pillar Strategies* sponsors Unified Management Accounts ("*UMAs*"). The Registrant may allocate on a discretionary basis or recommend on a non-discretionary basis that a client allocate a portion of their investment assets in one or more of the *UMAs* sponsored by *Pillar Strategies*. As the sponsor for the various *UMAs*, *Pillar Strategies* is responsible for portfolio trading, re-balancing, reporting and other administrative responsibilities. The

Registrant shall continue to render investment advisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending the UMAs include the client's designated investment objective(s), performance, financial strength, reporting, pricing, and research. Clients with assets in *Pillar Strategies'* UMAs shall incur additional management fees associated with the UMAs, which are set forth on the *Pillar Strategies'* ADV Part 2A. No client is under any obligation to engage the services of *Pillar Strategies* or to allocate a portion of their investment management accounts in the UMAs sponsored by *Pillar Strategies*. A client who doesn't wish to incur additional fees should direct the Registrant, in writing, not to invest in the UMAs.

Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), the Registrant may maintain cash positions for defensive purposes. All cash positions (money markets, etc) shall be included as part of assets under management for purposes of calculating the Registrant's advisory fee.

Inverse/Enhanced Market Strategies. The Registrant may utilize long and short mutual funds and/or exchange traded funds that are designed to perform in either an: (1) inverse relationship to certain market indices (at a rate of 1 or more times the inverse [opposite] result of the corresponding index) as an investment strategy and/or for the purpose of hedging against downside market risk; and (2) enhanced relationship to certain market indices (at a rate of 1 or more times the actual result of the corresponding index) as an investment strategy and/or for the purpose of increasing gains in an advancing market. There can be no assurance that any such strategy will prove profitable or successful. In light of these enhanced risks/rewards, a client may direct the Registrant, in writing, not to employ any or all such strategies for their accounts.

Use of Mutual and Exchange Traded Funds: Most mutual funds and exchange traded funds are available directly to the public. Thus, a prospective client can obtain many of the funds that may be utilized by Registrant independent of engaging Registrant as an investment advisor. However, if a prospective client determines to do so, he/she will not receive the Registrant's initial and ongoing investment advisory services. Other mutual funds, such as those issued by Dimensional Fund Advisors ("DFA"), are generally only available through selected registered investment advisers. Registrant may allocate client investment assets to DFA mutual funds. Therefore, upon the termination of Registrant's services to a client, restrictions regarding transferability and/or additional purchases of, or reallocation among DFA funds will apply.

In addition to Registrant's investment advisory fee described below, and transaction and/or custodial fees discussed below, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses)

Portfolio Activity. Registrant has a fiduciary duty to provide services consistent with the client's best interest. As part of its investment advisory services, Registrant will review client portfolios on an ongoing basis to determine if any changes are necessary based upon various factors, including, but not limited to, investment performance, fund manager tenure, style drift, account additions/withdrawals, and/or a change in the client's investment objective. Based upon these factors, there may be extended periods of time when Registrant determines that changes to a client's portfolio are neither necessary nor

prudent. Of course, as indicated below, there can be no assurance that investment decisions made by Registrant will be profitable or equal any specific performance level(s).

Retirement Plan Rollovers – No Obligation / Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer’s plan, if permitted, (ii) roll over the assets to the new employer’s plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account (“IRA”), or (iv) cash out the account value (which could, depending upon the client’s age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest if the Registrant will earn an advisory fee on the rolled over assets. **No client is under any obligation to roll over retirement plan assets to an account managed by Registrant. The Registrant’s Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the conflict of interest presented by such rollover recommendation.**

ByAllAccounts and eMoney Account Aggregation. In conjunction with the services provided by ByAllAccounts, Inc. and the eMoney Advisor Platform (“eMoney”), the Registrant may also provide periodic comprehensive reporting services, which can incorporate all of the client’s investment assets including those investment assets that are not part of the assets managed by the Registrant (the “Excluded Assets”). The Registrant’s service relative to the Excluded Assets is limited to reporting services only, which does not include investment implementation. Because the Registrant does not have trading authority for the Excluded Assets, to the extent applicable to the nature of the Excluded Assets (assets over which the client maintains trading authority vs. trading authority designated to another investment professional), the client (and/or the other investment professional), and not the Registrant, shall be exclusively responsible for directly implementing any recommendations relative to the Excluded Assets. **Rather, the client and/or their other advisors that maintain trading authority, and not the Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets.** Without limiting the above, the Registrant shall not be responsible for any implementation error (timing, trading, etc.) relative to the Excluded Assets. In the event the client desires that the Registrant provide investment management services (whereby the Registrant would have trading authority) with respect to the Excluded Assets, the client may engage the Registrant to do so pursuant to the terms and conditions of the *Investment Advisory Agreement* between the Registrant and the client.

In addition, the eMoney platform also provides access to other types of information, including financial planning concepts, which should not, in any manner whatsoever, be construed as services, advice, or recommendations provided by Registrant.

Structured Notes. The Registrant may purchase structured notes for client accounts. A structured note is a financial instrument that combines two elements, a debt security and exposure to an underlying asset or assets. It is essentially a note, carrying counter party risk of the issuer. However, the return on the note is linked to the return of an underlying asset or assets (such as the S&P 500 Index or commodities). It is this latter feature that makes structured products unique, as the payout can be used to provide some degree of principal protection, leveraged returns (but usually with some cap on the maximum

return), and be tailored to a specific market or economic view. In addition, investors may receive long-term capital gains tax treatment if certain underlying conditions are met and the note is held for more than one year. Finally, structured notes may also have liquidity constraints, such that the sale thereof prior to maturity may be limited. **In the event that a client has any questions regarding the purchase of structured notes for their account, the Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address them.**

Separately Managed Account Programs. Registrant may allocate a portion of a client's investment assets among unaffiliated Separately Managed Account programs in accordance with the client's designated investment objective(s). In such situations, the Separately Managed Account Manager shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant shall continue to render investment advisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending Separately Managed Account programs include the client's designated investment objective(s) as applied to the Separately Managed Account program: management style, performance, reputation, financial strength, reporting, pricing, and research. **The investment management fee charged by the separate account manager is separate from, and in addition to, the Registrant's investment advisory fee for clients who have engaged the Registrant on a non-wrap basis.**

Unaffiliated Private Investment Funds. Registrant may provide investment advice regarding unaffiliated private investment funds. Registrant, on a non-discretionary basis, may also recommend that certain qualified clients consider an investment in unaffiliated private investment funds. Registrant's role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a client determines to become a private fund investor, the amount of assets invested in the fund(s) shall be included as part of "assets under management" for purposes of Registrant calculating its investment advisory fee. Registrant's clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).

Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund's offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may own, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Private Investment Valuation. If Registrant bills an investment advisory fee based upon the value of private investment funds or otherwise references private investment funds owned by the client on any supplemental account reports prepared by Registrant, the value for all private investment funds owned by the client will reflect the most recent valuation provided by the fund sponsor. The current value of any private investment fund could be significantly more or less than the original purchase price or the price reflected in any supplemental account report.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV (and as applicable, any Separately Managed Account Manager's written Brochure as set forth on Part 2A of Form ADV) shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- D. There is no significant difference between how the Registrant manages wrap fee accounts and non-wrap fee accounts. However, as stated above, if a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody) (*See* Item 4.B). The services included in a wrap fee agreement will depend upon each client's particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, separate account manager fees, brokerage, custody, etc.).

When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted.

- E. As of December 31, 2018, the Registrant had approximately \$333,761,857 in assets under management on a discretionary basis.

Item 5 Fees and Compensation

A.

NON-WRAP FEE BASIS

The Registrant provides discretionary investment advisory services on a *fee* basis. The Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management, generally between 0.45% and 1.95%.

The Registrant bases its fee determination upon various objective and subjective factors. As a result, clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, the level and scope of the overall investment advisory services to be rendered, and client negotiations. As a result of these factors, similarly

situated clients could pay diverse fees, and the services to be provided by Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly. Before engaging Registrant to provide investment advisory services, clients are required to enter into a discretionary Investment Advisory Agreement, setting forth the terms and conditions of the engagement (including termination), which describes the fees and services to be provided.

PRESTIGE WEALTH WRAP FEE PROGRAM

If a client determines to engage the Registrant to provide investment management services on a wrap fee basis in accordance with the Registrant's Program, the services offered under, and the corresponding terms and conditions pertaining to, the Program are discussed in the Wrap Fee Program Brochure, a copy of which is presented to all prospective Program participants. Under the Program, the Registrant is able to offer participants discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, and investment management fees. The current annual Program fee ranges from 0.50% to 2.00%, depending upon the amount and type of the Program assets.

The Registrant bases its fee determination upon various objective and subjective factors. As a result, clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, the level and scope of the overall investment advisory services to be rendered, and client negotiations. As a result of these factors, similarly situated clients could pay diverse fees, and the services to be provided by Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly. Before engaging Registrant to provide investment advisory services, clients are required to enter into a discretionary Investment Advisory Agreement, setting forth the terms and conditions of the engagement (including termination), which describes the fees and services to be provided.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant may be engaged to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$3,500 to \$50,000 on a fixed fee basis, and from \$500 to \$750 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab

& Co. Inc., member SIPC (“Schwab”) or TD Ameritrade, Inc., member FINRA/SIPC (“Ameritrade”), (collectively, the “Custodians”) serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as the *Custodians*, which are unaffiliated with Registrant, charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant’s investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

Asset Based Pricing Limitations: The Registrant may recommend that its clients enter into an asset based pricing agreement with the account custodian. Under an asset based pricing arrangement, the amount that a client will pay the custodian for account commission/transaction fees is based upon a percentage (%) of the market value of the client’s account, generally expressed in basis points. One basis point is equal to one one-hundredth of one percent (1/100th of 1%, or 0.01% (0.0001) (generally, the greater the market value, the lower the %)). This differs from transaction-based pricing, which assesses a separate commission/transaction fee against your account for each account transaction. Account investment decisions are driven by security selection and anticipated market conditions and not the amount of transaction fees payable by you to the account custodian. We do not receive any portion of the asset based transaction fees payable by you to the account custodian. We continue to believe that our clients can benefit from an asset based pricing arrangement. You can request at any time to switch from asset based pricing to transactions based pricing. However, there can be no assurance that the volume of transactions will be consistent from year-to-year given changes in market events and security selection. Thus, given the variances in trading volume, any decision by you to switch to transaction based pricing could prove to be economically disadvantageous.

Clients who engage the Registrant on a wrap fee basis will not incur brokerage commissions and/or transaction or asset based custodial fees in addition to the Program fee.

ANY QUESTIONS: Our Chief Compliance Officer, Roy Williams, remains available to address them.

- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.
- E. **Commission Transactions.** In the event that the client desires, the client can engage certain of the Registrant’s investment advisor representatives, in their individual capacities, as a registered representative of Triad Advisors, LLC (“*Triad*”), a FINRA member broker-dealer, to implement investment recommendations on a commission basis. In the event the client chooses to purchase investment products through *Triad*, *Triad* will charge brokerage commissions to effect securities transactions, a portion of which commissions *Triad* shall pay to certain of Registrant’s investment advisor

representatives, as applicable. The brokerage commissions charged by *Triad* may be higher or lower than those charged by other broker-dealers. In addition, *Triad*, relative to commission mutual fund purchases, may also receive additional ongoing 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment.

1. **Conflict of Interest:** The recommendation that a client purchase a commission product from *Triad* presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from the Registrant's investment advisory representatives. **The Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**
2. **Please note:** Clients may purchase investment products recommended by Registrant through other, non-affiliated broker dealers or agents.
3. The Registrant does not receive more than 50% of its revenue from advisory clients as a result of commissions or other compensation for the sale of investment products the Registrant recommends to its clients.
4. When Registrant's representatives sell an investment product on a commission basis, the Registrant does not charge an advisory fee in addition to the commissions paid by the client for such product. When providing services on an advisory fee basis, the Registrant's representatives do not also receive commission compensation for such advisory services. However, a client may engage the Registrant to provide investment management services on an advisory fee basis and separate from such advisory services purchase an investment product from Registrant's representatives on a separate commission basis.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, estates, and charitable organizations, pension and profit sharing plans.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant may utilize the following methods of security analysis:
 - Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Cyclical - (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant’s methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant’s analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant’s primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

Options Strategies. The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the

purchase or the recommendation to purchase an option contract by the Registrant shall be with the intent of offsetting/hedging a potential market risk in a client's portfolio. Please Note: Although the intent of the options-related transactions that may be implemented by the Registrant is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct the Registrant, in writing, not to employ any or all such strategies for their accounts

Covered Call Writing. Covered call writing is the sale of in-, at-, or out-of- the money call option against a long security position held in a client portfolio. This type of transaction is intended to generate income. It also serves to create downside protection in the event the security position declines in value. Income is received from the proceeds of the option sale. Such income may be reduced to the extent it is necessary to buy back the option position before its expiration. This strategy may involve a degree of trading velocity, transaction costs and significant losses if the underlying security has volatile price movement. Covered call strategies are generally suited for positions with little price volatility.

- C. Currently, the Registrant primarily allocates client investment assets among various equities (stocks), debt (bonds), and fixed income securities, mutual funds, separate account managers, independent managers, MLPs and/or ETFs (including inverse ETFs and/or mutual funds that are designed to perform in an inverse relationship to certain market indices) and unaffiliated private investment funds on a discretionary basis in accordance with the client's designated investment objective(s). (*See* Affiliated Investment Advisor and Unified Managed Accounts, above).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. As disclosed above in Item 5.E, certain of Registrant's investment advisory representatives are, in their individual capacities, also registered representatives of Triad Advisors, LLC ("*Triad*"), a FINRA member broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Other Investment Adviser Firm: Prestige Wealth Services Group, Inc.** The Registrant's owner, Roy Williams, also own Prestige Wealth Services Group, Inc. ("*Pillar Strategies*"), an affiliated SEC registered investment advisor firm. The Registrant may refer certain clients to *Pillar Strategies* for advisory services. The Registrant shall not receive direct compensation for any referral made to *Pillar Strategies*. The Registrant may, on a discretionary basis, allocate a portion of a client's assets in UMAs sponsored by *Pillar Strategies*, for which a client will incur additional

fees. This presents a conflict of interest as Mr. Williams receives a direct economic benefit from the advisory fee charged to the client for investing in the UMAs. No client is under any obligation to engage the services of *Pillar Strategies* or allocate a portion of their investment management accounts in the UMAs sponsored by *Pillar Strategies*.

The Registrant may also provide certain back office support services to *Pillar Strategies*, including access to Registrant's fixed connection services, allowing for trade aggregation across multiple custodians. The Registrant does not receive direct compensation from *Pillar Strategies* for access to these back office support services.

The Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

Registered Representatives of Triad As disclosed above in Item 5.E, certain of the Registrant's investment advisor representatives are registered representatives of *Triad*, a FINRA member broker-dealer. Clients may choose to engage, these representatives in their individual capacities as a registered representatives of *Triad*, to implement investment recommendations on a commission basis.

Licensed Insurance Agents Certain of the Registrant's investment advisor representatives are, in their individual capacities, licensed insurance agents, and may recommend the purchase of certain insurance-related products on a commission basis. As referenced in Item 4.B above, clients can engage these representatives to effect insurance transactions on a commission basis.

Conflict of Interest: The recommendation by the Registrant or its representatives that a client purchase an insurance or securities commission product presents a conflict of interest. The recommendation to purchase a securities and/or insurance commission product is a conflict because the receipt of commissions and/or fees may provide an incentive for the recommendation based on commissions and/or fees to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from the Registrant's representatives. Clients are reminded that they may purchase securities and/or insurance products recommended by Registrant through other, registered representatives of a broker-dealer and/or non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Certified Public Accountant. Certain of Registrant's members are also members of *Prestige Wealth Accounting Group, LLC* ("PWAG"), a certified public accounting firm. To the extent that PWAG provides accounting and/or tax preparation services to any clients, including clients of the Registrant, all such services shall be performed by PWAG, in its individual professional capacity, independent of the Registrant, for which services Registrant shall not receive any portion of the fees charged by PWAG, referral or otherwise.

It is expected that the members of PWAG, solely incidental to their respective practices as Certified Public Accountants with PWAG, shall recommend the Registrant's services to certain of PWAG's clients. Although PWAG shall not receive referral fees from the Registrant, members of PWAG shall be entitled to receive distributions relative their

ownership interest in Registrant. PWAG is not involved in providing investment advice on behalf of the Registrant, nor does PWAG hold itself out as providing advisory services on behalf of the Registrant. **The Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.
- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons." The Registrant's securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice

creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above in Item 11.C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab* and/or *Ameritrade*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* and/or *Ameritrade* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to seek best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits. Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant receives from *Schwab* and/or *Ameritrade* (or another broker-dealer/custodian, investment platform, unaffiliated investment manager, vendor, unaffiliated product/fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events,

marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* and/or *Ameritrade* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* and/or *Ameritrade* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest such arrangement may create.

Schwab Advisor Services

As indicated above, the Registrant may recommend that clients establish brokerage accounts with *Schwab*, to maintain custody of clients' assets and to effect trades for their accounts. The final decision to custody assets with *Schwab* is at the discretion of the client. The Registrant is independently owned and operated and not affiliated with *Schwab*.

Schwab provides the Registrant with access to its institutional trading and custody services, which are typically not available to *Schwab* retail investors. These services generally are available to independent investment advisors on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the advisor's clients' assets are maintained in accounts at *Schwab*.

Schwab's services include brokerage services that are related to the execution of securities transactions, custody, research, including that in the form of advice, analyses and reports, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

Schwab does not generally charge separately for custody services but is compensated by account holders through commissions or other transaction-related or asset-based fees for securities trades that are executed through *Schwab* or that settle into *Schwab* accounts.

Schwab also makes available to the Registrant other products and services that benefit the Registrant but may not benefit its clients' accounts. These benefits may include national, regional or firm specific educational events organized and/or sponsored by *Schwab*. Other potential benefits may include occasional business entertainment, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Other of these products and services

assist the Registrant in managing and administering clients' accounts. These include software and other technology (and related technological training) that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of the Registrant's fees from its clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting.

Many of these services generally may be used to service all or some substantial number of the Registrant's accounts, including accounts not maintained at *Schwab*. *Schwab* also makes available to the Registrant other services intended to help the Registrant manage and further develop its business enterprise. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and marketing. In addition, *Schwab* may make available, arrange and/or pay vendors for these types of services rendered to the Registrant by independent third parties. *Schwab* may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to the Registrant.

While, as a fiduciary, the Registrant endeavors to act in its clients' best interests, the Registrant's recommendation that clients maintain their assets in accounts at *Schwab* may be based in part on the benefit to the Registrant of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost or quality of custody and brokerage services provided by *Schwab*, which creates a conflict of interest.

The Registrant receives economic benefits from *Schwab* in the form of the support products and services it makes available to the Registrant and other independent investment advisors that have their clients maintain accounts at *Schwab*. These products and services, how they benefit the Registrant, and the related conflicts of interest are described above. The availability to the Registrant of *Schwab*'s products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

The availability of these services from *Schwab* benefits the Registrant because the Registrant does not have to produce or purchase them. The Registrant doesn't have to pay for *Schwab*'s services so long as the Registrant keeps a total of at least \$10 million of client assets in accounts at *Schwab*. The \$10 million minimum may give the Registrant an incentive to recommend that clients maintain their accounts with *Schwab* based on the Registrant's interest in receiving *Schwab*'s services that benefit its business rather than based on the client's interest in receiving the best value in custody services and the most favorable execution of their transactions. This is a conflict of interest. The Registrant believes however, that its recommendation of *Schwab* as a custodian and broker is in the best interests of its clients. It is primarily supported by the scope, quality and price of *Schwab*'s services and not *Schwab*'s serves that benefit only the Registrant.

TD Ameritrade Institutional Advisor Program

The Registrant participates in the institutional advisor program (the “Program”) offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of *Ameritrade*, an unaffiliated SEC-registered broker-dealer and FINRA member. *Ameritrade* offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. The Registrant receives some benefits from *Ameritrade* through its participation in the Program.

As disclosed above, Registrant participates in *Ameritrade*’s institutional customer program and Registrant may recommend *Ameritrade* to Clients for custody and brokerage services. There is no direct link between the Registrant’s participation in the program and the investment advice it gives to its Clients, although Registrant receives economic benefits through its participation in the program that are typically not available to *Ameritrade* retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to the Registrant by third party vendors. *Ameritrade* may also have paid for business consulting and professional services received by Registrant’s related persons. Some of the products and services made available by *Ameritrade* through the program may benefit Registrant but may not benefit its Client accounts.

These products or services may assist Registrant in managing and administering Client accounts, including accounts not maintained at *Ameritrade*. Other services made available by *Ameritrade* are intended to help the Registrant manage and further develop its business enterprise. The benefits received by the Registrant or its personnel through participation in the program do not depend on the amount of brokerage transactions directed to *Ameritrade*. As part of its fiduciary duties to clients, the Registrant endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by Registrant or its related persons in and of itself creates a conflict of interest and may indirectly influence the Registrant’s choice of *Ameritrade* for custody and brokerage services.

TD Ameritrade Additional Services

Registrant also receives from *Ameritrade* certain additional economic benefits (“Additional Services”) that may or may not be offered to any other independent investment advisors participating in Ameritrade IA Program, including the use of the Tamarac™ platform.

Ameritrade provides the Additional Services to Registrant in its sole discretion and at its own expense, and Registrant does not pay any fees to *Ameritrade* for

the Additional Services. Registrant and *Ameritrade* have entered into a separate agreement (“Additional Services Addendum”) to govern the terms of the provision of the Additional Services.

Registrant’s receipt of Additional Services raises conflicts of interest. In providing Additional Services to Registrant, *Ameritrade* most likely considers the amount and profitability to *Ameritrade* of the assets in, and trades placed for, Registrant’s client accounts maintained with *Ameritrade*. *Ameritrade* has the right to terminate the Additional Services Addendum with Registrant, in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from *Ameritrade*, Registrant may have an incentive to recommend to its clients that the assets under management by Registrant be held in custody with *Ameritrade* and to place transactions for client accounts with *Ameritrade*. Registrant’s receipt of Additional Services does not diminish its duty to act in the best interests of its clients, including the obligation to seek best execution of trades for client accounts.

The Registrant’s Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

2. The Registrant does not receive referrals from broker-dealers.
3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance.

Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

The Registrant’s Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or “bunch” such orders to seek best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant’s clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A. above, the Registrant receives an economic benefit from the *Custodians*. The Registrant, without cost (and/or at a discount), receives support services and/or products from the *Custodians*.

Registrant’s clients do not pay more for investment transactions effected and/or assets maintained at the *Custodians* as a result of this arrangement. There is no corresponding commitment made by the Registrant to the *Custodians* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant’s Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest.

- B. If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant may pay that solicitor a referral fee in accordance with the

requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of their solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. In addition, the Registrant is deemed to have custody of client assets as per Rule 206(4)-2, and maintains custody in accordance with the Rule requirements. Client assets are maintained with qualified custodians. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian.

The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

Custody Situations: The Registrant engages in other practices and/or services on behalf of its clients that require disclosure at ADV Part 1, Item 9, but which practices and/or services are not subject to an annual surprise CPA examination in accordance with the guidance provided in the SEC's February 21, 2017 Investment Adviser Association No-Action Letter.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, in writing, on the Registrant's discretionary authority. (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. The Registrant does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Roy E. Williams, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
