INVESTMENT MANAGEMENT

In the event the client desires, the client can engage the Registrant to provide investment management services on a fee basis. In the event the client determines to engage Registrant on a fee basis, Registrant shall charge an annual investment management fee based upon a percentage of the market value of the assets being managed by Registrant. The investment management fee charged shall vary depending upon the market value of assets under management and the specific type of investment management services to be rendered.

Bundled fee schedule

Up to \$500,000.....	1.25%
\$500,001 to \$1,000,000.....	1.00%
\$1,000,001 to \$2,000,000.....	0.75%
\$2,000,001 to \$5,000,000.....	0.50%
\$5,000,001 to \$10,000,000.....	0.40%
\$10,000,001 and over.....	negotiable

Unbundled fee schedule

0 to \$500,000	0.75%
\$500,001 to \$1,000,000	0.50%

\$5,000,001 to \$10,000,000	0.25%
10,000,001 and over	negotiable

Registrant's annual investment management fee shall be prorated and paid quarterly, in arrears, based upon the market value of the assets on the last day of the previous quarter. This is a tiered fee schedule and depending on the assets managed will result in a blended rate. Registrant generally requires an account minimum of \$500,000 for investment management services.

Registrant, in its sole discretion, may require a lesser account minimum and/or charge a lesser management fee based upon certain criteria (i.e. existing financial planning client, anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.)

Custody fees: For asset management accounts of \$500,000 or more there are no set-up fees, IRA fees, sales commissions, or transaction fees. For smaller accounts there may be custody fees of \$60 per year charged to the client's account by SEI. All accounts will be charged a termination fee of \$75 by SEI.

Expenses not charged to the client's account: All clients are advised that SEI receives a percentage of assets managed. The portfolios proportional expense ratio varies by investment strategy. However the range is from .46% to 1.11% for mutual fund strategies and from .85% to 1.18% for distribution focused strategies. For details about these expenses at the fund level, refer to the prospectus.

Separately managed accounts will be charged a management fee by each assigned manager. Client is directed to refer to the manager's ADV Part 2A for further details.

Portfolio management fees are deducted from the account quarterly in arrears, subject to written client authorization to Acorn Consulting (and SEI) based on the market value on the last day of the calendar quarter.

FINANCIAL PLANNING

Refund and Termination – If for any reason a client should decide to terminate Financial Planning Agreement prior to completion of services to be provided, the client will be charged on the basis of the work that had already been provided to the client up to that point. If, as a result of the termination there is a refund due, a check will be issued by Acorn Consulting to the client for the amount due. Otherwise, the client will be responsible to pay the balance due to Acorn Consulting upon receipt of the final report summarizing the actual work completed. The fee basis charged will be applicable at the standard hourly rates.

HOURLY FINANCIAL CONSULTATION

Advisor.....	\$250 per hour
Associate Advisor.....	\$150 per hour

Clients always have the option to purchase recommended products through other brokers or agents that are not affiliated with Acorn Consulting.

3. *Commissions are the Primary Source of Income for this Registered Investment Adviser*

Commissions are not Acorn Consulting's primary source of compensation.

4. *Advisory Fees in Addition to Commissions or Markups*

Advisory fees that are charged to clients are not reduced to offset the commissions or markups on securities or investment products recommended to clients.

Item 6 Performance-Based Fees and Side-By-Side Management

Acorn Consulting does not charge any performance-based fees (fees based on a share of capital gains or capital appreciation of the assets of a client).

Item 7 Types of Clients

Acorn Consulting provides Investment Advisory and Financial Planning services to individuals, high net worth individuals, corporate pension and profit sharing plans, trusts, estates, and charitable organizations, corporations and business entities other than above.

The current minimum of \$500,000 has been established for opening an account. Acorn Consulting may waive this requirement at its discretion.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis:

Acorn Consulting utilizes SEI to employ their methods of analysis which include charting analysis, fundamental analysis, technical analysis, and cyclical analysis.

Charting analysis involves the use of patterns in performance charts. SEI uses this technique to search for patterns used to help predict favorable conditions for buying and/or selling a security.

Fundamental analysis involves the analysis of financial statements, the general financial health of companies, and/or the analysis of management or competitive advantages.

Technical analysis involves the analysis of past market data; primarily price and volume.

Cyclical analysis involved the analysis of business cycles to find favorable conditions for buying and/or selling a security.

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

B. Material Risks Involved

Acorn Consulting uses Long Term Trading Strategies (securities held at least a year) and Asset Allocation; which is a systematic way to diversify investments among a range of financial, tangible and real estate asset classes in a manner that fits each individual's risk tolerance, income requirements, liquidity preference and more.

C. Risks of Specific Securities Utilized

Acorn Consulting generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Past performance is not a guarantee of future returns. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Item 9 Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of Acorn Consulting or the integrity of Acorn Consulting's management.

Acorn Consulting has no information applicable to this Item.

Affiliation – Financial Advisor

Acorn Consulting Services, Inc. (ACS) has reviewed a number of advisory programs for its clients. Each program may involve different custodial accounts, administrative and fee arrangements.

However, ACS will not take custody of a client's funds or securities which were designated for an advisory account. Advisory Representatives may refer clients to other third party money managers or advisers unaffiliated with ACS. Currently ACS does not have an arrangement with other third party advisors to act as solicitors for their programs. Full disclosure, including services rendered and fee schedules will be provided to the client at the time of the solicitation by delivering a copy of all relevant third party advisor's Form ADV Part 2A and separate disclosure document of ACS. ACS will provide all appropriate disclosure of solicitation fees to ACS to the client as required by Rule 206(4)-3. A potential conflict of interest exists. All clients are always advised that they shall have total freedom to affect any and all securities transactions with any broker/dealer of their choice. All clients are always advised that they shall have total freedom to effectuate any and all insurance transactions with any insurance agency or broker of their choice.

Acorn Consulting's Principal, Mr. Rick Russell, in his individual capacity, has created the Enhanced Professional Network ("EPN"). The EPN is a network of professionals that spans a variety of disciplines and areas of expertise. Mr. Russell may, in his individual capacity and for a referral fee, introduce current and prospective clients to professionals within the EPN for purposes of providing both business and non-business related services that are not investment related.

Related persons of the firm are licensed insurance agents. From time to time, they will offer clients advice or products from those activities. Clients should be aware that these services pay a commission and involve a conflict of interest, as commissionable products conflict with the fiduciary duties of a registered investment adviser. Acorn Consulting always acts in the best interest of the client; including the sale of commissionable products to advisory clients. Clients always have the right to decide whether or not to utilize the services of any representative of Acorn Consulting in such individual's outside capacities.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Acorn Consulting has adopted a Code of Ethics for all supervised persons of the firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts and the reporting of

certain gifts and business entertainment items, and personal securities trading procedures, among other things. All supervised persons at Acorn Consulting must acknowledge the terms of the Code of Ethics annually, or as amended. Acorn Consulting's clients or prospective clients may request a copy of the firm's Code of Ethics by contacting Rick Russell.

Any recommendation of a security in which either applicant or its associated persons may have a financial interest is purely coincidental and applicant's associated persons would fully disclose any such interest to clients at once. Principal Executive Officer and other Investment Advisor Representatives who are insurance agents can earn separate, customary commission compensation in addition to any fees for advisory services.

It is further noted that applicant fully intends to be in total compliance with the Insider Trading and Securities Fraud Enforcement Act of 1988. Specifically, applicant has adopted a firm wide policy statement outlining insider trading compliance by applicant and its associated persons and other employees. This statement has been distributed to all associated persons of applicant and has been signed and dated by each such person. A copy of such firm wide policy is left with such person and the original is maintained in a master file. Further, applicant has adopted a written supervisory procedures statement highlighting the steps which shall be taken to implement the firm wide policy. These materials are also distributed to all associated persons and other employees of applicant, are signed, dated and filed with the insider trading compliance materials. There are provisions adopted for (1) restricting access to files, (2) providing continuing education, (3) restricting and/or monitoring trading on those securities of which applicant's employees may have non-public information, (4) requiring all of applicant's employees to conduct their trading through a specified broker or reporting all transactions promptly to Acorn Consulting, and (5) monitoring the securities trading of the firm and its employees and associated persons by the President of the firm.

Acorn Consulting or individuals associated with Acorn Consulting may buy or sell securities identical to those recommended to customers for their personal account.

It is the expressed policy of Acorn Consulting that no employed person may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, and therefore, preventing such employees from benefiting from transactions placed on behalf of advisory accounts. Acorn Consulting or any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

As these situations may represent a conflict of interest, applicant has established the following restrictions in order to ensure its fiduciary responsibilities:

- 1) A director, officer or employee of applicant shall not buy or sell securities for their personal portfolio(s) where their decision is substantially derived, in whole or in part, by reason of his or her employment unless the information is also available to the investing public on reasonable inquiry. No person of applicant shall prefer his or her own interest to that of the advisory client.
- 2) Applicant maintains a list of all securities holdings for itself, and anyone associated with this advisory practice. These holdings are reviewed on a regular basis by Frederick J. Russell, President.

- 3) Applicant requires that all individuals must act in accordance with all applicable federal and state regulations governing registered investment advisory practices.
- 4) Clients have the right to refuse to implement a recommended transaction.
- 5) Acorn Consulting imposes sanctions, including termination to any individual not in observance of the above.

Item 12 Brokerage Practices

Custodians are chosen based on relatively low transaction fees and access to mutual funds and ETFs. Acorn Consulting will never charge a premium or commission on transactions, beyond the actual cost imposed by the custodian. SEI Private Trust is recommended by Acorn Consulting.

1. Research and Other Soft-Dollar Benefits

Acorn Consulting receives research, products, or other services from SEI or other third-parties in connection with client securities transactions (“soft dollar benefits”). There is no minimum client number or dollar number that Acorn Consulting must meet in order to receive free research. There is no incentive for Acorn Consulting to direct clients to SEI over other custodians or broker-dealers who offer the same services. However, because this firm does not have to produce or pay for services or products it has an incentive to choose a custodian that provides those services based on its interests rather than the clients’ interests. The first consideration when recommending custodians to clients is best execution. Acorn Consulting always acts in the best interest of the client.

2. Brokerage for Client Referrals

Acorn Consulting receives no referrals from SEI or others third parties in exchange for using SEI or third party.

3. Clients Directing Which Broker/Dealer/Custodian to Use

Acorn Consulting will allow clients to direct brokerage; however, Acorn Consulting may recommend custodians. Acorn Consulting may be unable to achieve most favorable execution of client transactions if clients choose to direct brokerage. This may cost client’s money because without the ability to direct brokerage Acorn Consulting may not be able to aggregate orders to reduce transactions costs resulting in higher brokerage commissions and less favorable prices. Not all investment advisers allow their clients to direct brokerage.

Aggregating (Block) Trading for Multiple Client Accounts

All trading in client accounts is affected by SEI and Acorn Consulting does not affect aggregated (block) trading in client accounts.

Item 13 Review of Accounts

INVESTMENT MANAGEMENT CLIENTS - Accounts are routinely reviewed quarterly, semi-annually, or annually

A special review of a client's account may be triggered by changes in tax law, economic climate, or market conditions. A review may be initiated by a client inquiry due to changes in their personal financial affairs. Each account is reviewed on a regular basis by the person supervising the

account. There are two reviewers (Rick Russell, President and Joanna Russell, IAR/Secretary), who are responsible for the client accounts. The reviewers are instructed to review accounts quarterly, semi-annually, or annually based on the particular client contract or specific situation and needs.

FINANCIAL PLANNING CLIENTS - Financial plans are reviewed according to the terms of the engagement letter. For financial planning clients who are on retainer, reviews are either quarterly, semi-annually, or annually.

INVESTMENT MANAGEMENT - Monthly or quarterly reports are provided for investment management clients. These reports show the market value of each position as well as the total account activity. In addition, they may provide the change in value between periods and year-to-date. The Custodian will provide quarterly statements of accounts to the client at a minimum. Quarterly performance reports are also provided. These reports provide information on the portfolio's historical activity and total returns over several time intervals. The returns may be compared to various market indicators. In addition, the portfolio allocation is shown by percentage and dollar amount.

FINANCIAL PLANNING - Financial statements and/or plan implementation reports are prepared in accordance with the terms of the engagement. Interim reports are available upon request.

Item 14 Client Referrals and Other Compensation

Acorn Consulting Investment Adviser Representatives may receive incentives in the form of due diligence trips by issuers of securities.

Acorn Consulting does not directly or indirectly compensate any person for client referrals.

Item 15 Custody

Acorn Consulting does not take custody of client accounts. Custody of client's accounts is held primarily at the Custodian. Clients typically use SEI Private Trust Company as the custodian. Clients will receive account statements from the custodian and should carefully review those statements.

Item 16 Investment Discretion

Acorn Consulting, or any related person, does not have authority to determine, without obtaining specific client consent, the: securities to be bought or sold; amount of the securities to be bought or sold; broker or dealer to be used; commission rates paid.

Item 17 Voting Client Securities

Acorn Consulting will not ask for, nor accept voting authority for client securities. Clients will receive proxies directly from the issuer of the security or the custodian. Clients should direct all proxy questions to the issuer of the security.

Item 18 Financial Information

Acorn Consulting does not require nor solicit prepayment of more than \$500 in fees per client, six months or more in advance and therefore does not need to include a balance sheet with this brochure.

Acorn Consulting has never been subject to any bankruptcy petition.

Item 19 Requirements for State-Registered Advisers

Acorn Consulting's Principal Executive Officer and Management Persons are Frederick Joseph Russell, III and Joanna Russell.

Rick and Joanna's education and business background, as well as other business activities can be found on the Supplemental ADV Part 2B form.
