CM Advisors Family of Funds

Notes to Financial Statements

August 31, 2018 (Unaudited)

1. Organization

CM Advisors Small Cap Value Fund and CM Advisors Fixed Income Fund (collectively the “Funds” and individually a “Fund”) are each a separate diversified no-load series of CM Advisors Family of Funds (the “Trust”), which was organized as a Delaware statutory trust and is registered under the Investment Company Act of 1940 as an open-end management investment company.

The investment objective of CM Advisors Small Cap Value Fund is long-term growth of capital. The Fund commenced operations on April 15, 2011.

The investment objective of CM Advisors Fixed Income Fund is to preserve capital and maximize total return. The Fund commenced operations on March 24, 2006.

On February 23, 2018, CM Advisors Small Cap Value Fund consummated a tax-free merger with CM Advisors Fund, previously a series of the Trust. Pursuant to the terms of the agreement governing the merger, each share of CM Advisors Fund was converted into an equivalent dollar amount of shares of CM Advisors Small Cap Value Fund, based on the net asset values (“NAVs”) of CM Advisors Small Cap Value Fund and CM Advisors Fund as of February 23, 2018 (\$11.52 and \$12.33, respectively); this resulted in a conversion ratio of 1.069924 shares of CM Advisors Small Cap Value Fund for each share of CM Advisors Fund. CM Advisors Small Cap Value Fund issued 4,297,048 shares to shareholders of CM Advisors Fund in connection with the merger. The basis of the assets transferred from CM Advisors Fund reflected the historical basis of the assets as of the date of the tax-free merger. Net assets of CM Advisors Small Cap Value Fund and CM Advisors Fund as of the merger date were \$46,843,398 and \$49,517,475, respectively, including unrealized appreciation (depreciation) on investments of \$7,705,053 and \$(8,998,243), respectively. Total net assets of CM Advisors Small Cap Value Fund immediately after the merger were \$96,360,873.

2. Significant Accounting Policies

The following is a summary of the Funds’ significant accounting policies used in the preparation of their financial statements. These policies are in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Funds follow accounting and reporting guidance under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Topic 946, “Financial Services – Investment Companies.”

Investment Valuation – The Funds’ portfolio securities are generally valued at their market values determined on the basis of available market quotations as of the close of regular trading on the New York Stock Exchange (typically 4:00 p.m. Eastern time). Securities listed on an exchange or quoted on a national market system are valued at the last sales price. Securities which are quoted by NASDAQ are valued at the NASDAQ Official Closing Price. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the most recent bid price. Fixed income securities are typically valued based on prices provided by an independent pricing service. Securities and assets for which representative market quotations are not readily available (e.g., if the exchange on which the portfolio security

CM Advisors Family of Funds
Notes to Financial Statements (Continued)

is principally traded closes early or if trading of the particular portfolio security is halted during the day and does not resume prior to the Funds' NAV calculations) or which cannot be accurately valued using the Funds' normal pricing procedures are valued at fair value as determined in good faith under policies approved by the Board of Trustees (the "Board") and will be classified as Level 2 or 3 within the fair value hierarchy (see below), depending on the inputs used. A portfolio security's "fair value" price may differ from the price next available for that portfolio security using the Funds' normal pricing procedures.

GAAP establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires disclosures about fair value measurements.

Various inputs are used in determining the value of the Funds' investments. These inputs are summarized in the three broad levels listed below:

- Level 1 – quoted prices in active markets for identical securities
- Level 2 – other significant observable inputs
- Level 3 – significant unobservable inputs

Corporate bonds and U.S. Treasury obligations held by CM Advisors Fixed Income Fund are classified as Level 2 since values are based on prices provided by an independent pricing service that utilizes various "other significant observable inputs" including bid and ask quotations, prices of similar securities and interest rates, among other factors.

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities. The inputs used to measure the fair value of a particular security may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement of that security falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

The following is a summary of the inputs used to value the Funds' investments as of August 31, 2018 by security type:

CM Advisors Small Cap Value Fund:

	Level 1	Level 2	Level 3	Total
Common Stocks	\$ 97,422,339	\$ —	\$ —	\$ 97,422,339
Exchange-Traded Funds	2,175,006	—	—	2,175,006
Warrants	—	0*	—	0
Money Market Funds	2,201,032	—	—	2,201,032
Total	<u>\$ 101,798,377</u>	<u>\$ 0</u>	<u>\$ —</u>	<u>\$ 101,798,377</u>

CM Advisors Family of Funds

Notes to Financial Statements (Continued)

CM Advisors Fixed Income Fund:

	Level 1	Level 2	Level 3	Total
Corporate Bonds	\$ —	\$ 38,869,321	\$ —	\$ 38,869,321
U.S. Treasury Obligations	—	20,898,822	—	20,898,822
Money Market Funds	6,666,860	—	—	6,666,860
Total	<u>\$ 6,666,860</u>	<u>\$ 59,768,143</u>	<u>\$ —</u>	<u>\$ 66,435,003</u>

* CM Advisors Small Cap Value Fund holds Warrants that have been fair valued at \$0.

Refer to each Fund's Schedule of Investments for a listing of the securities by security type and sector or industry type. As of August 31, 2018, the Funds did not have any transfers into or out of any Level. The Funds did not hold any derivative instruments or assets or liabilities that were measured at fair value on a recurring basis using significant unobservable inputs (Level 3) as of August 31, 2018. It is the Funds' policy to recognize transfers into or out of any Level at the end of the reporting period.

Share Valuation and Redemption Fees – The NAV per share of each Fund is calculated on each business day by dividing the total value of the Fund's assets, less liabilities, by the number of shares outstanding. The offering price and redemption price per share of each Fund is equal to the NAV per share, except that shares of CM Advisors Small Cap Value Fund are subject to a redemption fee of 1%, payable to the Fund, if redeemed within 180 days of the date of purchase. No redemption fee, however, will be imposed on the exchange of shares of CM Advisors Small Cap Value Fund for shares of CM Advisors Fixed Income Fund. Shares of CM Advisors Fixed Income Fund are not subject to a redemption fee.

During the periods ended August 31, 2018 and February 28, 2018, proceeds from redemption fees for CM Advisors Small Cap Value Fund were \$1,136 and \$3,420, respectively.

Investment Transactions and Investment Income – Investment transactions are accounted for on trade date. Dividend income is recorded on the ex-dividend date. Interest income is accrued as earned. Discounts and premiums on fixed income securities purchased are amortized using the effective interest method. Realized gains and losses on investments sold are determined on a specific identification basis, which is the same basis used for federal income tax purposes. Withholding taxes on foreign dividends have been provided for in accordance with the Funds' understanding of the applicable country's tax rules and rates.

Expenses – Each Fund bears expenses incurred specifically on its behalf as well as a portion of general Trust expenses, which are allocated between the Funds according to methods authorized by the Board.

Dividends and Distributions – Dividends arising from net investment income, if any, are declared and paid quarterly to shareholders of each Fund. Distributions from net realized capital gains, if any, are generally declared and distributed annually. The amount of distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These

CM Advisors Family of Funds

Notes to Financial Statements (Continued)

“book/tax” differences are either temporary or permanent in nature and are primarily due to differing treatments of net short-term capital gains. Dividends and distributions are recorded on the ex-dividend date.

The tax character of distributions paid during the periods ended August 31, 2018 and February 28, 2018 was as follows:

Periods Ended	Ordinary Income	Long-Term Capital Gains	Total Distributions
CM Advisors Small Cap Value Fund			
August 31, 2018	\$ —	\$ —	\$ —
February 28, 2018	\$ —	\$ —	\$ —
CM Advisors Fixed Income Fund			
August 31, 2018	\$ 835,273	\$ —	\$ 835,273
February 28, 2018	\$ 1,719,942	\$ 792,220	\$ 2,512,162

On September 28, 2018, CM Advisors Fixed Income Fund paid an ordinary income dividend of \$0.0776 per share to shareholders of record on September 27, 2018.

Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncement – In March, 2017, FASB issued Accounting Standards Update No. 2017-08 - Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities (the “ASU”). The ASU shortens the amortization period for certain callable debt securities, held at a premium, to be amortized to the earliest call date. The ASU does not require an accounting change for securities held at a discount, which continue to be amortized to maturity. The ASU is effective for fiscal years and interim periods within those fiscal years beginning after December 15, 2018. Management is currently evaluating the impact, if any, of applying the ASU.

3. Federal Income Tax

Each Fund has qualified and intends to continue to qualify each year as a “regulated investment company” under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). Qualification generally will relieve the Funds of liability for federal income taxes to the extent 100% of their net investment income and net realized capital gains are distributed in accordance with the Code.

In order to avoid imposition of the excise tax applicable to regulated investment companies, it is also each Fund’s intention to declare as dividends in each calendar year at least 98% of its net investment income (earned during the calendar year) and 98.2% of its net realized capital gains (earned during the twelve months ended October 31) plus undistributed amounts from prior years.

CM Advisors Family of Funds

Notes to Financial Statements (Continued)

The following information is computed on a tax basis for each item as of August 31, 2018:

	CM Advisors Small Cap Value Fund	CM Advisors Fixed Income Fund
Tax cost of portfolio investments	\$ 91,693,780	\$ 66,192,341
Gross unrealized appreciation	\$ 23,166,572	\$ 688,049
Gross unrealized depreciation	(13,061,975)	(445,387)
Net unrealized appreciation	10,104,597	242,662
Other income and gains	—	555,880
Accumulated capital and other losses	(4,510,531)	—
Accumulated earnings	\$ 5,594,066	\$ 798,542

The difference between the federal income tax cost of portfolio investments and the financial statement cost for CM Advisors Small Cap Value Fund is due to certain timing differences in the recognition of capital gains or losses under income tax regulations and GAAP. These “book/tax” differences are temporary in nature and are due to the tax deferral of losses on wash sales and holdings classified as passive foreign investment companies (PFICs).

As of February 28, 2018, CM Advisors Small Cap Value Fund had short-term capital loss carryforwards of \$1,683,667 and long-term capital loss carryforwards of \$2,112,537 for federal income tax purposes. These capital loss carryforwards, which do not expire, may be utilized in the current and future years to offset net realized capital gains, if any, prior to distributing such gains to shareholders. However, the utilization of such carryforwards in any given year may be limited due to limitations on merger-related capital loss carryforwards.

The Funds recognize the benefits or expenses of uncertain tax positions only if the position is “more-likely-than-not” of being sustained assuming examination by tax authorities. Management has reviewed the tax positions taken on federal income tax returns for the current and all open tax years (tax years ended February 28, 2015 through February 28, 2018) and has concluded that no provision for unrecognized tax benefits or expenses is required in these financial statements.

4. Investment Transactions

During the six months ended August 31, 2018, cost of purchases and proceeds from sales and maturities of investment securities, other than short-term investments and U.S. Government obligations, were as follows:

	CM Advisors Small Cap Value Fund	CM Advisors Fixed Income Fund
Cost of purchases of investment securities	\$ 27,332,708	\$ 5,752,705
Proceeds from sales of investment securities	\$ 7,088,659	\$ 8,028,324

CM Advisors Family of Funds

Notes to Financial Statements (Continued)

5. Transactions with Related Parties

INVESTMENT ADVISORY AGREEMENT

The Funds pay a monthly advisory fee to Van Den Berg Management I, Inc. (d/b/a CM Fund Advisors) (the "Advisor") based upon the average daily net assets of each Fund and calculated at the annual rate of 1.00% for CM Advisors Small Cap Value Fund and 0.50% for CM Advisors Fixed Income Fund. The Advisor has entered into agreements (the "Expense Limitation Agreements") with each Fund under which it has agreed to waive its fees and to assume other expenses of the Funds, if necessary, in an amount that limits the Funds' total operating expenses (exclusive of interest, taxes, brokerage commissions, other expenditures which are capitalized in accordance with GAAP, extraordinary expenses not incurred in the ordinary course of the Fund's business, dividend expense on securities sold short, acquired fund fees and expenses, and amounts, if any, payable pursuant to a Rule 12b-1 plan) to not more than 1.25% of the average daily net assets of CM Advisors Small Cap Value Fund and not more than 1.50% of the average daily net assets of CM Advisors Fixed Income Fund, each until July 1, 2019. There can be no assurance that the Expense Limitation Agreements will continue beyond July 1, 2019. During the six months ended August 31, 2018, with respect to CM Advisors Small Cap Value Fund, the Advisor waived \$43,568 of its investment advisory fees. During the six months ended August 31, 2018, there were no advisory fees waived or expenses reimbursed by the Advisor with respect to CM Advisors Fixed Income Fund.

Certain Trustees and officers of the Trust are also officers of the Advisor.

OTHER SERVICE PROVIDERS

Ultimus Fund Solutions, LLC ("Ultimus") provides administration, accounting, and transfer agency services to the Funds. The Funds pay Ultimus fees in accordance with the agreements for its services. In addition, the Funds pay out-of-pocket expenses including, but not limited to, postage, supplies and costs of pricing the Funds' portfolio securities. Certain officers of the Trust are also officers of Ultimus, or of Ultimus Fund Distributors, LLC (the "Distributor").

Pursuant to the terms of a Distribution Agreement with the Trust, the Distributor serves as the Funds' principal underwriter. The Distributor is a wholly-owned subsidiary of Ultimus. The Distributor receives service fees from the Funds for such services.

COMPENSATION OF TRUSTEES

Trustees and officers affiliated with the Advisor or Ultimus are not compensated by the Funds for their services. Each Trustee who is not an affiliated person of the Advisor or Ultimus receives an annual retainer of \$10,000, paid quarterly; a fee of \$2,000 per Fund for attendance at each in-person meeting of the Board of Trustees; and a fee of \$500 per Fund for attendance at each telephonic meeting of the Board of Trustees. The Funds reimburse each Trustee and officer for his or her travel and other expenses relating to attendance at Board or committee meetings.

CM Advisors Family of Funds

Notes to Financial Statements (Continued)

6. Sector Risk

If a Fund has significant investments in the securities of issuers in industries within a particular sector, any development affecting that sector will have a greater impact on the value of the net assets of the Fund than would be the case if the Fund did not have significant investments in that sector. In addition, this may increase the risk of loss of an investment in the Fund and increase the volatility of the Fund's NAV per share. From time to time, a particular set of circumstances may affect this sector or certain companies within the sector, while having little or no impact on other sectors or other companies within the sector. For instance, economic or market factors, regulation or deregulation, and technological or other developments may negatively impact all companies in a particular sector and therefore the value of a Fund's portfolio will be adversely affected. As of August 31, 2018, CM Advisors Small Cap Value Fund had 32.6% and 39.3% of the value of its net assets invested in stocks and exchange-traded funds within the Energy and Industrials sectors, respectively.

7. Contingencies and Commitments

The Funds indemnify the Trust's officers and Trustees for certain liabilities that might arise from the performance of their duties to the Funds. Additionally, in the normal course of business, the Funds enter into contracts that contain a variety of representations and warranties and which provide general indemnifications. Each Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, based on experience, the Trust expects the risk of loss to be remote.

8. Subsequent Events

The Funds are required to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed as of the date of the Statements of Assets and Liabilities. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, the Funds are required to disclose the nature of the event as well as an estimate of the financial effect, or a statement that such an estimate cannot be made. Management has evaluated subsequent events through the issuance of these financial statements and has noted no such events.

CM Advisors Family of Funds

About Your Funds' Expenses (Unaudited)

We believe it is important for you to understand the impact of costs on your investment. As a shareholder of the Funds, you may incur two types of costs: (1) transaction costs, including redemption fees; and (2) ongoing costs, including management fees and other Fund expenses. Ongoing costs, which are deducted from each Fund's gross income, directly reduce the investment return of the Funds.

A mutual fund's ongoing costs are expressed as a percentage of its average net assets. This figure is known as the expense ratio. The following examples are intended to help you understand the ongoing costs (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds. The examples below are based on an investment of \$1,000 made at the beginning of the most recent semi-annual period (March 1, 2018) and held until the end of the period (August 31, 2018).

The table below illustrates each Fund's costs in two ways:

Actual fund return – This section helps you to estimate the actual expenses that you paid over the period. The "Ending Account Value" shown is derived from each Fund's actual return, and the fourth column shows the dollar amount of expenses that would have been paid by an investor who started with \$1,000 in the Funds. You may use the information here, together with the amount you invested, to estimate the ongoing costs that you paid over the period.

To do so, simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number given for the Funds under the heading "Expenses Paid During Period."

Hypothetical 5% return – This section is intended to help you compare each Fund's ongoing costs with those of other mutual funds. It assumes that each Fund had an annual return of 5% before expenses during the period shown, but that the expense ratio is unchanged. In this case, because the return used is not the Funds' actual returns, the results do not apply to your investment. The example is useful in making comparisons because the U.S. Securities and Exchange Commission (the "SEC") requires all mutual funds to calculate expenses based on a 5% return. You can assess each Fund's ongoing costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

Note that expenses shown in the table are meant to highlight and help you compare ongoing costs only. The Funds do not impose any sales loads. However, a redemption fee of 1% is charged on the sale of shares of CM Advisors Small Cap Value Fund within 180 days of the date of their purchase.

The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

CM Advisors Family of Funds

About Your Funds' Expenses (Unaudited) (Continued)

More information about the Funds' expenses, including annual expense ratios, can be found in this report. For additional information on operating expenses and other shareholder costs, please refer to the Funds' prospectus.

CM Advisors Small Cap Value Fund				
Based on Actual Fund Return	\$ 1,000.00	\$ 1,149.00	1.25%	\$ 6.77
Based on Hypothetical 5% Return (before expenses)	\$ 1,000.00	\$ 1,018.90	1.25%	\$ 6.36
CM Advisors Fixed Income Fund				
Based on Actual Fund Return	\$ 1,000.00	\$ 1,009.90	0.89%	\$ 4.51
Based on Hypothetical 5% Return (before expenses)	\$ 1,000.00	\$ 1,020.72	0.89%	\$ 4.53

^(a) Annualized, based on each Fund's most recent one-half year expenses.

^(b) Expenses are equal to each Fund's annualized net expense ratio multiplied by the average account value over the period, multiplied by 184/365 (to reflect the one-half year period).

CM Advisors Family of Funds

Other Information (Unaudited)

The Trust files a complete listing of portfolio holdings for the Funds with the SEC as of the end of the first and third quarters of each fiscal year on Form N-Q. The filings are available upon request, by calling 1-888-859-5856. Furthermore, you may obtain a copy of these filings on the SEC's website at <http://www.sec.gov>. The Trust's Forms N-Q may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC, and information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

A description of the policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities is available without charge upon request by calling toll-free 1-888-859-5856, or on the SEC's website at <http://www.sec.gov>. Information regarding how the Funds voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is also available without charge upon request by calling toll-free 1-888-859-5856, or on the SEC's website at <http://www.sec.gov>.

Investment in the Funds is subject to investment risks, including the possible loss of some or all of the principal amount invested. No investment strategy works all the time, and past performance is not necessarily indicative of future performance.

The performance information quoted in this report represents past performance, which is not a guarantee of future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. A redemption fee of 1% of the amount redeemed is imposed on redemptions of Fund shares for CM Advisors Small Cap Value Fund occurring within 180 days following the purchase of such shares.

An investor should consider the investment objectives, risks, and charges and expenses of the Funds carefully before investing. The prospectus contains this and other information about the Funds. A copy of the prospectus is available at www.cmadvisorsfunds.com or by calling Shareholder Services at 1-888-859-5856. The prospectus should be read carefully before investing.
