

INTRODUCTION

Garrett Wealth Advisory Group, LLC (referred to as “GWAG” or “we”, “our”, “us”) is registered with the U.S. Securities and Exchange Commission (“SEC”) as an Investment Adviser. GWAG primarily conducts its investment advisory business under the name BentOak Capital. Our financial professionals (“Professionals”) are registered representatives of LPL Financial LLC (“LPL”), an SEC registered broker-dealer and investment adviser. Your Professional may offer you brokerage services through LPL or investment advisory services through GWAG. Brokerage services and investment advisory services are different, and the fees we, and LPL, charge for those services are different. It is important that you understand the differences. In particular, your Professional may earn additional transaction-based compensation and have additional conflicts of interest as a result of providing brokerage services through LPL. You are encouraged to learn more about LPL by reviewing <https://www.lpl.com/disclosures.html> and having a discussion with your Professional. You can also access free and simple tools to help you research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Our Professionals are qualified to offer brokerage services (through LPL as disclosed below) and investment advisory services. Each Professional generally provides access to a range of investment products, such as stocks, bonds, mutual funds, options, exchange-traded funds (ETFs), life insurance, annuities, and direct participation programs. The range of investment options available to you may be limited depending on your investment size, ability to meet account minimum requirements, your personal suitability and other such qualifications. We encourage you to ask your Professional whether any investment limitations or account requirements apply. Furthermore, you should ask your Professional if the advice they are providing or the recommendations they offer are part of a brokerage service or advisory

service. In addition, GWAG offers the following investment advisory services:

We manage accounts on a discretionary basis, as agreed to by you and your Professional. Discretionary means we will implement transactions without seeking your prior consent. We'll typically monitor accounts and specific investments within accounts, on an ongoing basis to align with your investment goals. However, in some cases, such as financial planning only engagements, we won't provide ongoing monitoring. Through our Independent Manager Selection Services we search independent registered investment advisers on your behalf based on personalized individual circumstances to determine which is most appropriate for you. GWAG provides ongoing monitoring of the performance of these advisers against certain benchmarks monthly or quarterly, as agreed. Account minimums may be negotiable under certain circumstances.

For more information regarding the LPL programs, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the program account packet (which includes the account agreement and LPL Form ADV program brochure) and the Form ADV, Part 2A of LPL or the applicable program.

We encourage you to ask your financial professional:

Given my financial situation, should I choose an investment advisory service? Why or why not?
How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications?
What do these qualifications mean?

WHAT FEES WILL I PAY?

For investment advisory services, we typically charge an ongoing quarterly, asset-based fee of a percentage of the value of your assets in the account we manage, which will be reflected in quarterly statements. The more assets you have in this type of account, the more you'll pay in fees, which creates an incentive to encourage you to increase the size of your account. To offset this conflict of interest, we have developed a

fee schedule, as disclosed in our ADV Part 2A, such that the more assets you have in your account, the lower the asset-based fee will be. Fixed and/or hourly fees are typically charged for financial planning and consulting services. These fees are negotiable, but generally range from \$500 to \$20,000 on a fixed fee basis and/or from \$50 to \$300 on an hourly basis. Under a Wrap Fee Program, you pay a single annualized asset-based fee that includes management fees and transaction fees. The number of transactions made in these accounts, as well as the commissions charged for each transaction, determines the relative cost of the Program versus paying for execution on a per transaction basis and paying a separate fee for advisory services.

Other Fees and Costs: If applicable to your account, we'll charge you directly for other fees in addition to advisory fees, such as fees relating to custody, corporate actions and transfer fees, and wire fees. Generally, advisory fees don't include any brokerage commissions and other transactions costs, redemption fees, wire transfer fees, overnight check fees, account closing fees, or any other charges imposed by the administrator, custodian, or other service provider.

You will pay fees and incur costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. **For additional information**, please visit <https://adviserinfo.sec.gov/firm/summary/173563> and refer to Item 5 of the ADV Part 2A and the Wrap Fee Brochure.

We encourage you to ask your financial professional:

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN PROVIDING RECOMMENDATIONS AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations and investment advice we provide you. Here are some additional examples to help you understand what this means.

Snow Garrett Williams CPAs: Snow Garrett Williams CPAs ("SGW"s) is under common ownership with GWAG and although there is no referral program in

place to receive or provide compensation for referrals between SGW and GWAG, there is an incentive for our Professionals to refer you to use the services of SGW due to the nature of the common ownership interest. **Third-Party Payments:** We receive compensation from third parties related to investments you make in certain products, including mutual funds, ETFs and annuities. This compensation includes ongoing distribution charges, such as 12b-1¹ fees or trailing commissions², which an investment product charges you and then pays to us.
