<p>What investment services and advice can you provide me?</p>	<p>We offer investment advisory services to retail investors, including individuals, families and trusts. We accept <i>discretionary</i> authority over the accounts we manage. We review the investments in the managed accounts at least monthly. Most of the accounts we manage are rebalanced at least semi-annually in January and July. We also provide comprehensive financial planning as part of our investment advisory services. There are no minimum account sizes on investment accounts, however the fee charged will change based on account size.</p> <p><i>Conversation Starters.</i> Ask your financial professional—</p> <ul style="list-style-type: none"> • Given my financial situation, should I choose an investment advisory service? Why or why not? • How will you choose investments to recommend to me? • What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?
<p>What fees will I pay?</p>	<p>Our fees are asset-based. The more assets there are in a retail investor’s account, the more a retail investor will pay in fees, and the firm may therefore have an incentive to encourage the retail investor to increase the assets in his or her account. Fees are paid quarterly, in advance, based on the market value of the account as of close of the prior quarter.</p> <p>Some of the common advisory service fees and costs include:</p> <p>Investment management fees: fees are based on assets under management. Our fee schedule ranges from 0.50% to 1%.</p> <p>Custodian fees: range between \$50 and \$250 per service</p> <p>Mutual fund transaction fees: range between \$0 and \$35 per trade</p> <p>Stock and ETF transactions fee: none</p> <p>You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.</p> <p><i>Conversation Starter.</i> Ask your financial professional—</p> <p>Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</p>

<p>What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?</p>	<p>When we act as your investment adviser, we have to act in your best interest (i.e. fiduciary relationship) and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they affect the recommendations we provide you. Here are some examples to help you understand what this means.</p> <p>MBI LLC is a subsidiary of Councilor Buchanan & Mitchell "CBM", a professional services firm. We benefit financially when our client also utilizes services offered by CBM, such as income tax preparation services. This may create a potential conflict of interest.</p> <p><i>Conversation Starter.</i> Ask your financial professional—</p> <ul style="list-style-type: none"> • How might your conflicts of interest affect me, and how will you address them?
<p>How do your financial professionals make money?</p>	<p>Each of the financial professionals is compensated by a salary, performance-based bonus and client origination bonus. The facts that affect compensation include the number of clients each professional serves and the amount of investment management fees generated by each relationship.</p> <p>We do not receive any compensation from the providers of investment products that we use in our managed portfolios. We do not receive any compensation for any third-party referrals we may provide to our clients. There is no other non-cash compensation.</p>
<p>Do your financial professionals have legal or disciplinary history?</p>	<p>No. Our professionals do not have any legal or disciplinary history.</p> <p>Visit Investor.gov/CRS for a free and simple search tool to research us and our financial professionals.</p> <p><i>Conversation Starter.</i> Ask your financial professional—</p> <ul style="list-style-type: none"> • As a financial professional, do you have any disciplinary history?
