Item 4 – Advisory Services

A. Firm Information

Regal Wealth Management, LLC (“Regal Wealth” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). Regal was organized as a Limited Liability Company (“LLC”) under the laws of the State of Delaware in August 2019 and became a registered investment advisor in September 2019. Regal Wealth is a wholly-owned subsidiary of Regal Wealth Holdings, LLC. Barry Klarberg serves as the Advisor’s Chief Executive Officer.

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Regal Wealth. For information regarding this Disclosure Brochure, please contact Jason A. Bell, Managing Director and Chief Compliance Officer, at (212) 370-6060 or by email at jbelle@regalwm.com.

B. Advisory Services Offered

Regal Wealth offers investment advisory services primarily individuals, high net worth individuals, trusts, estates, and businesses (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Regal Wealth’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Regal Wealth provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Regal Wealth works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to develop a portfolio strategy. Regal Wealth will then design an investment strategy that may include the Advisor’s internal investment management and/or the use of independent managers.

Internal Management – Regal Wealth constructs investment portfolios utilized exchange-traded funds (“ETFs”), mutual funds, individual equity securities, individual fixed income securities, and/or other invest types, as appropriate to meet the needs of the Client. The Advisor may retain certain types of investments based on a Client’s legacy investments based on portfolio fit and/or tax considerations.

Regal Wealth, in very limited circumstances, will retain mutual funds on a fund by fund basis. Due to specific custodial, platform and/or mutual fund company constraints and/or material tax consideration, Regal Wealth will retain a mutual fund share class that does not have trading costs, but do have higher internal expense ratios than institutional share classes. Regal Wealth will seek to select the lowest cost share class available that is in the best interest of each Client and will ensure the selection aligns with the Client’s financial objectives and stated investment guidelines.

Regal Wealth’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Regal Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Regal Wealth evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Regal Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Regal Wealth may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market

movement. Regal Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Regal Wealth accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 - Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Use of Independent Managers – Depending on the Client's needs and objectives, Regal Wealth recommends that Clients utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") in connection with a Client's investment strategies. In such instances, the Advisor is authorized to implement all or portion of Client assets with the Independent Manager[s], pursuant to a written agreement. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned with the Clients' investment objectives and overall best interests. For certain fixed income solutions, Regal Wealth utilizes Piton Investment Management, LP ("Piton") to manage a portion of Client assets. Clients authorize this by signing an agreement with the Advisor. Please see Item 10 for additional information. The Advisor will provide Clients with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

Selection of Other Advisors - Regal Wealth may periodically recommend and refer clients to unaffiliated money managers or investment advisors ("Unaffiliated Manager") to manage a portion of all Client assets. Through this arrangement, the Client will then enter into an advisory agreement with the Unaffiliated Manager to which that Unaffiliated Manager will assist and advise the Client in establishing investment objectives and develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for the Unaffiliated Manager's services, the Unaffiliated Manager will receive an investment advisory fee, billed based on the fee schedule the Client establishes with the Unaffiliated Manager. Regal Wealth will receive a portion of the investment advisory fee for the solicitation and referral of the Client to the Unaffiliated Manager, and may assist the Client in completing their Client questionnaire and account opening paperwork, but will not have ongoing oversight of any assets managed with the Unaffiliated Manager. Clients are not obligated to engage the Unaffiliated Manager.

Financial Planning Services

Regal Wealth will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial circumstance.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, business consulting, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Regal Wealth may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Investment Consulting Services

Regal offers investment consulting services to individuals, families, accountants and businesses, pursuant to a written investment consulting agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives, investment due diligence and any other investment consulting needs. Generally, such consulting services will involve an analysis and/or consultation on certain investments.

An investment consultation rendered to the Client will usually include general recommendations for a course of activity, actions or overall assessment to assist the Client in making their own investment decision. Regal may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain investment consulting engagements, the Advisor will provide a written summary of its analysis, observations and recommendations, as applicable.

Investment consulting recommendations pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for wealth management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Regal Wealth to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Regal Wealth, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Regal Wealth will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Regal Wealth will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Regal Wealth will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Regal combines any applicable asset based pricing fees, portfolio reporting expenses, third party platform fees, redemption fees, trade away fees, administrative fees, custodial fees and any other investment costs (herein "Covered Costs") together with its investment advisory fees. Including these fees into a single, asset-based fee is considered a "Wrap Fee Program". Regal is the sponsor and sole portfolio manager of the Regal Wrap Fee Program. The Advisor does not take into consideration the additional costs when charging its investment management fees, where if costs were borne separately, the Client would be responsible for the Covered Costs separately. Please see Appendix 1 – Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of December 31, 2020 Regal Wealth manages approximately \$114,704,405 in assets under management, \$113,957,549 of which is on a discretionary basis and \$746,856 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees range from 0.50% to 1.50% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees are negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Regal Wealth will be independently valued by the Custodian. Regal Wealth will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time. However, reconciliations are performed on a quarterly basis to capture if, in any given day, assets in excess of \$10,000 are deposited into or withdrawn from an account after the start of the quarterly billing period. An adjustment will be made in the form of a credit or debit the following billing period to reflect the interim change in portfolio value from the date of the deposit/withdrawal until the end of the quarter.

Use of Independent Managers

For Client account[s] implemented through an Independent Manager, the Client's overall fees typically includes Regal Wealth's investment advisory fee (as noted above) plus advisory fees and/or platform fees charged by the Independent Manager[s], as applicable. The Advisor will only earn its investment advisory fee as described above. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 3.00% annually. For Client assets managed by Piton, fees are assessed separately, and are based on an annual rate of up to 1.00%, charged quarterly in arrears, based on the average daily balance of the quarter.

Selection of Other Advisors

For Clients referred to an Unaffiliated Manager, the Client's fee will be deducted from the Client's account[s] with the Unaffiliated Manager and a portion of the investment advisory fee will be provided to Regal Wealth.

Financial Planning Services

Regal Wealth offers financial planning services either on an hourly basis or a fixed engagement fee. Hourly engagements range up to \$500 per hour. Fixed engagements are based on the expected number of hours to complete the engagement scope at the negotiated hourly rate. Fees are negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or total costs will be provided to the Client prior to engaging for these services.

Investment Consulting Services

For investment consulting engagements the Advisor will charge a fixed rate of up to 1.50% of assets advised on, which may be negotiable, at the sole discretion of the Advisor, depending on the nature and complexity of each

Client's circumstances. The investment consulting fee in the first quarter of service is prorated from the inception date of the engagement to the end of the first quarter.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by the number of days in the year multiplied by the number of days in the quarter) to the total assets under management with Regal Wealth at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients are urged to also review and compare the statement provided by the Advisor to the brokerage statement from the Custodian, as the Custodian does not perform a verification of fees. Clients provide written authorization permitting advisory fees to be deducted by Regal Wealth to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed its fees and will typically add Regal Wealth's investment advisory fee and deduct the overall fee from the Client's account[s]. Clients do not have the ability to separately negotiate its fees with the Independent Manager[s], as the Advisor has discretion to engage respective parties and negotiates accordingly. Assets managed by Piton are deducted separately the Independent Manager. In addition, Client's of the Advisor do not have the ability to negotiate fees directly with Piton, however, the Advisor helps determine the fees charged based on the assets managed or the strategy being used.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

Investment Consulting Services

Investment consulting fees are generally invoiced and payable quarterly in advance of each quarter, based on the value of assets under advisement at the end of the prior quarter. The consulting fee is applied by taking the quarterly rate (annual rate divided by 4) to the total assets under advisement at the end of the prior quarter.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Regal Wealth, in connection with investments made on behalf of the Client's account[s]. For Clients in the Regal Wrap Fee Program, all Covered Costs are included in the Client's investment advisory fee as noted above. For certain wire transfer fees, administrative costs or any other costs not related to custody and investment costs, the Advisor will reimburse Clients if notified within thirty (30) days of the expense.

In addition, all fees paid to Regal Wealth for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Regal Wealth, but would not receive the services provided by Regal Wealth which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. In addition, Clients have the ability to engage Piton or other Independent Managers separately and will be charged similar fees for its investment management services. However, Piton does not primarily engage with retail clients directly, where the Independent Manager will solely provided fixed income solutions and not consider the full needs and objectives of the Client. Accordingly, the Client should review both

the fees charged by the fund[s] and the fees charged by Regal Wealth to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Regal Wealth may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth between the Advisor and third parties. Regal Wealth will assist the Client with the termination and transition as appropriate.

Financial Planning Services

Regal Wealth requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for [actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engagement, the percentage of the engagement scope completed by the Advisor]. Upon termination, the Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Investment Consulting Services

Regal Wealth is compensated for its investment consulting services in advance of the quarter. Either party may terminate a consulting agreement at any time by providing written notice to the other party. The Client shall be responsible for investment consulting fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid fees. The Client's investment consulting agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Regal Wealth does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, one earns commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by an Advisory Person are separate and in addition to the advisory fees charged by Regal Wealth. This practice presents a conflict of interest as an Advisory Person may have an incentive to recommend insurance products to the Client for the purpose of generating commissions rather than solely based on the Client's needs. However, the Client is under no obligation, contractually or otherwise, to purchase insurance products through the Advisor or its Advisory Persons. Please see Item 10 below.

Item 6 – Performance-Based Fees and Side-By-Side Management

Regal Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Regal Wealth are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Regal Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Regal Wealth offers investment advisory services primarily individuals, high net worth individuals, trusts, estates, and businesses. Regal Wealth generally does not impose a minimum relationship size. However, certain Independent Managers may have minimum account sizes for their respective strategies.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Regal Wealth primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from Regal Wealth are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Regal Wealth will be able to accurately predict such a reoccurrence.

As noted above, Regal Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Regal Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Regal Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Regal Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Please see Item 8.B. for risks associated with the Advisor's investment strategies as well as general risks of investing.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Regal Wealth or management persons.

Regal Wealth values the trusts Clients place in the Advisor. The Advisor encourages you to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisory and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 305480.

Item 10 – Other Financial Industry Activities and Affiliations

Merchant Wealth Management Holdings, LLC

Merchant Wealth Management Holdings, LLC ("Merchant Wealth"), a subsidiary of Merchant Investment Management Holdings, LLC ("Merchant Investment"), owns a minority, non-controlling interest in Regal Wealth.

Regal Wealth Management, LLC

Phone: (212) 370-6060 | <https://regalwm.com>

Merchant Investment, through subsidiaries other than Merchant Wealth, has ownership interests in various companies that provide investment and other consulting services to financial firms, including investment advisors (hereinafter collectively referred to as the "Investment Solutions"). Regal Wealth is provided access to use the Investment Solutions by entering into an agreement directly with the third party providing the investment solution. These Investment Solutions may include, but are not limited to, third party money managers, private investments, pooled investment vehicles, or other investment products for which a commission is earned. Engagement of and with these Investment Solutions poses a potential conflict of interest due to the minority ownership interest that Merchant Investment's various subsidiaries own in the third parties providing these Investment Solutions. Through Merchant Investment's minority ownership interests in the third parties that provide these Investment Solutions, Merchant Investment will benefit from additional revenue that is generated if Regal Wealth engages any of these third party service providers. Regal Wealth is not controlled by Merchant Wealth or Merchant Investment and is operated independently where Merchant Investment and all other related subsidiaries are not involved with the services offered by Regal Wealth and maintains its own office space.

Regal Wealth recommends and utilizes Piton Investment Management, LP ("Piton") as an Independent Manager. Piton is an SEC-registered investment advisor focusing on fixed income investment management solutions to registered investment advisors, institutions and high net worth individuals. Individual owners of Merchant Wealth, in their separate capacity, have ownership interests in Piton. As a result, these individuals stand to benefit financially from additional assets managed by Piton. To ensure that Regal Wealth is selecting independent managers that are in the best interest of the Client, especially Piton, Regal Wealth has implemented a risk control and disclosure framework to ensure these conflicts are addressed.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons are also licensed as insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Regal Wealth. As an insurance professional, an Advisory Person will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Person are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person or the Advisor.

Selection of Other Advisors

Regal Wealth may refer Clients to unaffiliated money managers or investment advisors (herein "Unaffiliated Manager"), as detailed in Item 4. In such arrangements, Regal Wealth has a potential conflict of interest in that Regal Wealth will receive a portion of the Unaffiliated Manager's fee collected from the Client for the referral of the Client. To mitigate this conflict of interest, Regal Wealth will not charge investment advisory fees on assets referred to an Unaffiliated Manager.

Accounting and Tax Services

Mr. Klarberg is also a Certified Public Accountant ("CPA") and provides accounting, tax and related services through Monarch Business and Wealth Management, LLC ("MBWM"). Mr. Klarberg is compensated separately for this activity, where Clients of the Advisor may be offered these services separate from the advisory services provided by the Advisor. Regal Wealth may recommend Clients engage MBWM for its services, where Regal Wealth will receive compensation. This is a conflict, where Regal Wealth and its Supervised Persons may benefit from additional revenues generated. Clients are under no obligation to engage MBWM or Mr. Klarberg in his capacity as a CPA of MBWM.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Regal Wealth has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Regal Wealth ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. Regal Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Regal Wealth's Supervised Persons to adhere not only to the specific provisions of

the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact us at (212) 370-6060.

B. Personal Trading with Material Interest

Regal Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Regal Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Regal Wealth does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Regal Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommend (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Regal Wealth requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Regal Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Regal Wealth, or any Supervised Person of Regal Wealth, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Regal Wealth does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Regal Wealth to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Regal Wealth does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Regal Wealth does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Regal Wealth. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Regal Wealth may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its reputation and/or the location of the Custodian's offices. Regal Wealth will generally recommend that Clients establish their account[s] at Pershing Advisor Solutions, a division of Pershing, LLC ("Pershing"), a FINRA-registered broker-dealer and member SIPC. Pershing will serve as the Client's "qualified custodian". Regal Wealth maintains an institutional relationship with Pershing, whereby the Advisor receives economic benefits from Pershing. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Regal Wealth does not participate in soft dollar programs sponsored or offered by any**

broker-dealer/custodian. However, the Advisor receives certain economic benefits and financial support from the Custodian. Please see Item 14 below.

2. Brokerage Referrals - Regal Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Regal Wealth will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). Regal Wealth will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

Accounting and Tax Services

As stated in Item 10 above, Regal Wealth may recommend Clients engage MBWM for its services, where Regal Wealth will receive compensation. This is a conflict, where Regal Wealth and its Supervised Persons may benefit from additional revenues generated. Clients are under no obligation to engage MBWM or Mr. Klarberg in his capacity as a CPA of MBWM.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Regal Wealth will execute its transactions through the Custodian as authorized by the Client. Regal Wealth may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients’ accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Person of Regal Wealth and periodically by the CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Regal Wealth if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Regal Wealth

Participation in Institutional Advisor Platform

Regal Wealth has established an institutional relationship with Pershing to assist the Advisor in managing Client account[s]. Access to the Pershing platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Pershing. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Financial Support - Regal Wealth is incented to remain affiliated with Pershing and to recommend that Clients establish accounts with Pershing due to financial support received from Pershing. Through the relationship with Pershing, Regal Wealth received initial support payment for technology, marketing and compliance consulting related expenses at the signing of the engagement and will receive additional support based on a specific amount of Client assets to be custodied with Pershing. The receipt of any such compensation creates a financial incentive for Regal Wealth to recommend Pershing the Custodian for the assets in your account. This conflict is mitigated through disclosure and that Clients are not obligated to utilize Regal Wealth's recommended Custodian. Additionally, as mentioned above, the Client may directly or indirectly receive other benefits through the engagement with Pershing. We encourage you to discuss any such conflicts of interest with us before making a decision to custody your assets at Pershing.

B. Client Referrals from Solicitors

If a Client is introduced to Regal Wealth by either an unaffiliated party or by a Regal Wealth affiliate, Regal Wealth may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940 (the "Advisers Act"), and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the investment management fees earned by Regal Wealth and shall not result in any additional charge to the Client.

Item 15 – Custody

All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Regal Wealth to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Regal Wealth to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices. If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements in these cases, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Related Person Custody

The Advisor is affiliated through common control with Monarch Business and Wealth Management, LLC, where the MBWM may have the ability to move money for commonly serviced Clients. As such, in connection with advisory services provided to Clients, related persons are deemed to have custody of certain Client assets. The Advisor is required to engage an independent accounting firm to perform an annual surprise examination of those assets and accounts over which the related persons maintain custody. Any related opinions issued by an independent accounting firm are filed with the SEC and are publicly available on the SEC's Investment Adviser Public Disclosure website (<http://adviserinfo.sec.gov>).

Item 16 – Investment Discretion

Regal Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Regal Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Regal Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Regal Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Regal Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Regal Wealth to meet all obligations to its Clients. Neither Regal Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Regal Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

Regal Wealth provides customized investment advisory services to individuals, high net worth individuals, trusts, estates, charitable organizations, businesses and retirement plans (each a “Client”). The Regal Wealth Wrap Fee Program (the “Wrap Fee Program”) is a program that combines any applicable asset based pricing fees, portfolio reporting expenses, third party platform fees, redemption fees, trade away fees, administrative fees, custodial fees and any other investment costs (herein “Covered Costs”) together with investment advisory fees. The Wrap Fee Program is not a different investment approach or service offering. It is simply a combined fee.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating to the combination of Covered Costs into a single “bundled” investment advisory fee. Details of this Wrap Fee Program are contained in this Appendix 1 (“Wrap Fee Program Brochure”), but often reference back to the Form ADV 2A (“Disclosure Brochure”), which provides full details regarding the advisory services of Regal Wealth. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Regal Wealth’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Regal Wealth are offered in a wrap fee structure whereby Covered Costs are included in the overall investment advisory fee paid to Regal Wealth. The level of trading in a Client’s account[s] may vary from year to year, but does not impact annual costs, as the costs are based on asset based pricing, where if costs were borne separately, the Client would only pay a custodial fee based on the level of assets. The cost of the Wrap Fee Program varies depending on the services to be provided to each Client, however, the Client is not charged more if there is higher trading activity or other Covered Costs.

A Wrap Fee Program structure presents a conflict of interest as the Advisor has an incentive to limit trading or to utilize securities that do not have transaction fees. To mitigate this conflict, the Advisor has entered into an asset-based pricing arrangement with the Custodian whereby all custody and brokerage fees are a flat-basis point based on level of assets at the Custodian, and not a per transaction fee. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

As noted above, the Wrap Fee Program includes Covered Costs in connection with the discretionary investment management services provided by Regal Wealth. Certain costs resulting from Client-directed trades may be charged back to the Client. Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, Regal Wealth includes Covered Costs as part of its overall investment advisory fee.

In addition, all fees paid to Regal Wealth for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund’s prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Regal Wealth to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Regal Wealth is the sponsor and portfolio manager of this Wrap Fee Program. Regal Wealth receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Regal Wealth offers investment advisory services to individuals, high net worth individuals, trusts, estates, and businesses. Regal Wealth generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Regal Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Regal Wealth are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client.

Regal Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Supervised Persons

Regal Wealth Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Regal Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Other Compensation

Participation in Institutional Advisor Platform

Regal Wealth has established an institutional relationship with Pershing to assist the Advisor in managing Client account[s]. Access to the Pershing platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Pershing. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Financial Support - Regal Wealth is incented to remain affiliated with Pershing and to recommend that Clients establish accounts with Pershing due to financial support received from Pershing. Through the relationship with Pershing, Regal Wealth received initial support payment for technology, marketing and compliance consulting related expenses at the signing of the engagement and will receive additional support based on a specific

amount of Client assets to be custodied with Pershing. The receipt of any such compensation creates a financial incentive for Regal Wealth to recommend Pershing the Custodian for the assets in your account. This conflict is mitigated through disclosure and that Clients are not obligated to utilize Regal Wealth's recommended Custodian. Additionally, as mentioned above, the Client may directly or indirectly receive other benefits through the engagement with Pershing. We encourage you to discuss any such conflicts of interest with us before making a decision to custody your assets at Pershing.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on additional compensation that may be received by Regal Wealth or its Advisory Persons. Each Advisory Person's Brochure Supplement (also included with this Wrap Fee Program Brochure) provides details on any outside business activities and the associated compensation.

Client Referrals from Solicitors

If a Client is introduced to Regal Wealth by either an unaffiliated party or by a Regal Wealth affiliate, Regal Wealth may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940 (the "Advisers Act"), and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the investment management fees earned by Regal Wealth and shall not result in any additional charge to the Client.

Financial Information

Neither Regal Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Regal Wealth to meet all obligations to its Clients. Neither Regal Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Regal Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

CPAs are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous Code of Professional Conduct which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services. The vast majority of state boards of accountancy have adopted the AICPA’s Code of Professional Conduct within their state accountancy laws or have created their own.
