Buckingham Advisors Combine Services and Announce New Name

Buckingham Financial Group, Buckingham Capital Management, and Buckingham Business Advisors have announced that they are all now operating together under their new combined company name, Buckingham Advisors. As Buckingham Advisors, their multi-disciplined team of highly credentialed professionals will continue their dedication to their clients and community by offering customized financial planning, investment management, and business services for both individuals and small business owners. They will work together to create personalized wealth management strategies that connect and align all the important aspects of their clients' unique journey. As their clients' needs have grown, they too have grown. [Click here](#) to view their new site.
