What Fees will I Pay?

Fee arrangements vary by client and/or product and are based on several different factors.

Pursuant to investment advisory contract signed by each client, the client will pay quarterly fees based on the amount of assets to be managed by the adviser as of the opening of business on the first day of each contract quarter. At account inception, fees are billed from the date the account is opened through the end of that calendar quarter in advance. Thereafter, fees are billed in advance for the next calendar quarter based on the value of the assets at the end of the prior calendar quarter. For more information on fee structure please see GEA's [ADV](#) and/or contact your representative or GEA's Chief Compliance Officer at 609-631-8231.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

<i>Questions to ask us to start a conversation</i>	<i>Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</i>
