FORM CRS

The GenWealth Group, Inc. is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services inclusive of Financial Planning and Asset Allocation; Educational seminars/workshops the proceeds of which are donated to Seton Hall University; and the Sponsor and Manager of a Wrap Fee Program.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, 13 and 16 and Form ADV Part 2 Appendix 1 Brochures Items 4 and 5 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/154569>.

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on a continuous basis.

Investment Authority: We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: In general, we require a minimum fee of \$3,125 per house hold to open and maintain an advisory account, which may be waived at our discretion.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A and Form ADV Part 2 Appendix 1 Brochures by clicking this link <https://adviserinfo.sec.gov/firm/brochure/154569>.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Wrap Program Fees** - Payable quarterly in advance, based on the balance at end of billing period. Asset-based fees associated with a wrap fee program generally include most transaction costs and fees to a broker-dealer or bank that has custody of the assets. Since our firm pays the transaction costs associated with securities transactions in your account, if any, we have an incentive to minimize the trading in your account;
- Clients pay the following addition fees and/or expenses: Mutual Fund and ETF fees; and
- Fees related to variable annuities, including surrender charges.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Account maintenance fees;

- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- Other product-level fees associated with your investments

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Third-Party Payments:** Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs.

Refer to our Form ADV Part 2A and Form ADV Part 2 Appendix 1 Brochures by clicking this link <https://adviserinfo.sec.gov/firm/brochure/154569> to help you understand what conflicts exist.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

How do your financial professionals make money?

Our Company and the financial professional servicing your account(s) are compensated in the following ways: Salary; Bonus; and Insurance Sales Commissions. Financial professionals' compensation is based on the amount of client assets they service. Compensation paid to our financial professionals involves a conflict of interest because they have a financial incentive to refer clients to our firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.gov/CRS for a free and simple research tool.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
