Services

Garrison is authorised by the Central Bank of Ireland to provide investment advice and to receive and transmit orders in the following investment instruments:

- Personal Retirement Savings Accounts (PRSAs)
- Listed Shares and Bonds
- Collective Investments

We provide investment advice based on an analysis of the investment instruments available to our clients via the investment firms we have appointments with, details of which are available on request. Our appointments enable us to recommend a wide range of investments including, *inter alia*, listed shares, investment trusts, Exchange Traded Funds (ETFs) and investment funds.

We are also authorised to recommend and arrange transactions on behalf of clients in products offered by life assurance companies including protection policies and insurance based investment products. We hold appointments with a number of insurance companies whose products we recommend.

Fair Analysis

The concept of fair analysis describes the extent of the choice of products and providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs.

In order to ensure that the number of contracts and providers is sufficiently large to constitute a fair analysis of the market, we will consider the following criteria:

- the needs of the customer,
- the size of the customer order,
- the number of providers in the market that deal with brokers,
- the market share of each of those providers,
- the number of relevant products available from each provider,
- the availability of information about the products,
- the quality of the product and service provided by the provider,
- cost, and
- any other relevant consideration.

As at the date of these Terms of Business we provide life assurance, pensions and insurance based investment products on a fair analysis basis as we do have agencies with a sufficiently large number of providers to perform fair analysis of the market.

Anti-Money Laundering

In order to comply with legal and regulatory requirements we are obliged to request information from you to verify your identity as well as your source of funds and to keep a record of this information. Before making a recommendation to you, we will request such information and documentation where we deem it necessary to meet our obligations.

Should you not provide satisfactory evidence of your identity within a reasonable time, we may not be in a position to provide the services described in these Terms to you. We may be required to request updated identity and verification documents from time to time.

Requirement to provide information

All clients are required to provide sufficient information including contact details, financial information, objectives, needs and requirements and (where relevant) their risk appetite and investment time horizon to enable us to provide our services. We are also required to gather information about our clients sustainability preferences.

It is important that the information you provide is complete and accurate as it will form the basis for future advice, and we accept no liability for any omissions or oversights on your part. You are also requested to notify us of any material changes to your personal circumstances as these may impact on the advice and services we can provide to you.

In entering into or renewing an insurance policy (such as e.g. a proposal form for life insurance, serious illness cover or an insurance based investment product) you are required to answer all questions posed by us or the insurer in a proposal form honestly and with reasonable care. Specific questions will be asked. Where you do not provide additional information (after being requested to do so) it can be presumed that the information previously provided remains unchanged. Failure to disclose a material circumstance in response to question asked may entitle an insurer to in some circumstances, avoid the policy from inception and in this event any claims under the policy would not be paid; impose different terms on your cover; and/or reduce the amount of any claim payable.

Ongoing Suitability

Ongoing suitability assessments form part of the service to clients. This means that on at least an annual basis we will revisit our previous recommendations to assess if they remain suitable for you, taking into account any changes in your requirements that you have notified to us.

It is in your best interests that you review, on a regular basis, the products which we have arranged for you. As your circumstances change, your needs will change which may result in you having insufficient insurance cover and/or inappropriate investments. We would therefore advise that you contact us to ensure that you are provided with up to date advice and products best suited to your needs.

Sustainability Factors and Suitability Preferences

We are required to gather information about your preferences around sustainability as these relate to your approach to investing and investments. Your sustainability preferences will be captured as part of the initial fact finding exercise.

When providing advice, the firm does not currently consider the adverse impacts of investment decisions on sustainability and is not in a position to incorporate your sustainability preferences. This is because the information available to us in product producers' literature to compare financial products and to make informed investment decisions about ESG products is not sufficient at present to allow us to make a reliable comparison. We expect that this position will change, and we will revisit our decision within six months. When we are satisfied that we are in a position to do so, your sustainability preferences will form part of the assessment of investments that are suitable for you.

Fees and Charges

We are primarily a fee only advisor whereby we will charge you a fee for the investment advice we provide and will not charge a commission on transactions, we will disclose the specific fees and/or commissions that are payable by you in advance of providing a service to you. These vary and are subject to change.

However, the firm may receive commission and other payments from the insurance and investment companies to whom orders are transmitted. Details of the commissions that may apply are set out in our commission disclosure statement which is on our website www.garrison.ie. The actual commission we will receive is disclosed in product and/or policy documentation you will receive.

Investor Compensation Scheme

The Investor Compensation Act, 1998 provides for the establishment of a compensation scheme operated by the Investor Compensation Company Limited (ICCL) and for the payment of compensation to clients:

- If the client is an eligible investor as defined in the Act; and
- If it transpires that the firm is not in a position to return client money or investment instruments owned or belonging to the clients of the firm; and
- To the extent that the client's loss is recognised for the purposes of the Act.

Garrison Financial Planning Limited is a member of this compensation scheme. The amount of compensation that you may receive under the compensation scheme is 90% of the net amount you have lost or €20,000; whichever is less. Full details of the Investor Compensation Scheme are available on www.investorcompensation.ie.

Brokers Ireland Compensation Fund

We are also members of the Brokers Ireland Compensation Fund. Subject to the rules of the scheme the liabilities of its members firms up to a maximum of €100,000 per client (or €250,000 in aggregate) may be discharged by the fund on its behalf if the member firm is unable to do so, where the above detailed Investor Compensation Scheme has failed to adequately compensate any client of the member. Further details are available on request.
